Representative remarks

By Adrian Arnold

When any person accepts a job or devotes several years to a place of employment, one naturally expects good health benefits, adequate retirement benefits and salaries to reflect that dedication the qualifications that have been offered to the position by the individual.

State employees and teachers accepted, not without concern, their taken two percent increase in salary this year. If that was not enough bad medicine to swallow, state government has just announced a change in health insurance policies and benefits.

The new benefits package introduced to the public by Personnel Commissioner Tommy Greenwell is a state self insured policy. A company called I.C.H. with offices in Louisville, Houston and Chicago is responsible for processing benefit claims.

The new policy does not contain the level of benefits offered by the current policy held by Blue Cross/Blue Shield. This is not a situation fostered by I.C.H. but the reality of a budget stretched until there is no money left for anything but basic service.

If Blue Cross/Blue Shield's bid this year for the state employees/teachers health insurance policy had been the one accepted by state negotiations, the benefits in the package would have been radically different than the current policy also.

If you recall, Blue Cross/Blue Shield attempted to back out of their contract with Kentucky last fall because they were losing money on the level of benefits offered to state employees and teachers at that time.

Members of the 1988 General Assembly appropriated the total funding asked for by the executive branch to cover future health insurance benefits for state employees and teachers.

In fact, we went a step farther by approving a solution to apply any excess revenue available at the end of the budget fiscal year which was June 30, 1988 to additional health insurance benefits. But the motion was vetoed.

The insurance policy set to go into effect November 1 has three major changes from the current Blue Cross/Blue my shield health policy.

1. The two options available through Kentucky's self insured policy include Kentucky Kare and Kentucky Kare Select.

The deductible for Kentucky Kare ar: $800 family plan, $400 individual plan.

Kentucky Kare Select deductible are: $400 family plan, $200 individual plan,

2. The second difference between the current plan and the new self insured benefits is a larger co-payment.

The policyholder will be required to pay %20 of the medical cost incurred in major medical situations. Currently, it is ten percent.

*There is, however, a maximum out-of-pocket limitation included in the new policy (that is the toatl amount a policyholder would have to pay up from for medical costs in one year.)

$3, 500- Maximum out of pocket expense for Kentucky Kare Family policyholders. 1, 500 Maximum out-of-pocket expense from Kentucky Kare single policyholders. $3,000 Maximum out-of-pocket expense for Kentucky Kare Select family policyholders.

$1,000 maximum out-of-pocket expense for Kentucky Kare select single policyholders.

3. also, the cost of the health policy to the employer has increased. $124 per family for a Kentucky Kare Policy, $0 Per individual policy, $146.30 Per family for a Kentucky Kare Select Policy , $9, Per individual policy.

Many state empoyeed and teachers have other health insurance options through Health Maintenance and Prevention Care Organizations. Unfortunately, there are 6 counties in Kentucky where there are no options available other than Kentucky Kare or Kentucky Kare Select.

HMO's and PCO's are private corporations and state governents has no authority over areas in which they choose to do business.

I.C.H.'s credentials indicate that it is very qualified to administer the benefit claims for state government and we can hope the turn over time of reimbursement will be more efficient than Blue Cross/ Blue Shield. I.C.H. has included a 10 day; turn over clause in their contract.

As Kentuckians we can all hope and support an improved outlook in the sates's revenue picture so that all of the programs that are operating on a shoestring budget throughout the Commonwealth can eventually flourish.

If you have addition comments or question concerning the state health insurance plan, please do not hesitate to contact me.
