Boosters attempt to re-group

The Nicholas County High School Academic Boosters Club is trying to re-group and make a real effort to enlist support for this organization. Of course the ABC's could use financial support, but our main goals is to convince people to give use their moral support.

We need parents, grandparents, and anyone else interested in supporting our students in their academic endeavors, to become members of our club.

Some of the things we have tried to accomplish have been to:

Purchase equipment for the student body to use for homework and research.

Sponsor a banquet each spring to recognize outstanding achievements in school work.

Try to provide an entertainment program for the entire student body at no cost to the student.

Give a $500 scholarship to a graduating senior.

Supply refreshments at all home academic meets.

To provide the student body with these extra benefits, the ABC's have several money making projects. We have had bake sales, hot dog sales, and our annual Christmas ornament sales.

Meetings are held the third Monday night of each month, with the first meeting being held the third Monday night of each month, with the first meeting being held, August 21, at 7:00 p.m. in the high school library.

Please reserve one hour for the monthly meeting of the ABC's.

Your support and attendance will be greatly appreciated.
