BAKED GLAZED HAM

Check the ham to determine whether your ham is fully cooked and ready to eat, or whether you require further cooking. Before the wrapping is removed, look for the temperature line "Fully Cooked" on the ham. If the temperature line "Fully Cooked" is visible, the ham is ready to eat. If the temperature line "To Be Cooked" is visible, the ham must be cooked. Cook ham in a roasting pan. Cook ham for 15 minutes per pound. Cook ham until ham reaches an internal temperature of 140° F. Ham should be served with a glaze. Ham should be served with a glaze.

SMOKE SLASH

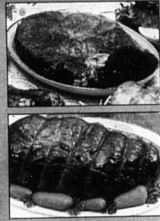

Ham ham with whole onion, with prepared mustard, honey, sugar, mustard, occasionally with apple sauce or other.
