Our Community Commitment
THE CARLISLE MERCURY

RE-ELECT
Floyd Bussell
Magistrate 4th District
Although I do not have any announced opposition in this election, I would appreciate you VOTE and influence.
Pull Lever 13A
November 7, 1989

RE-ELECT
Charles Fay
Carlisle City Councilman
Tuesday, Nov. 7, 1989
I thank the voters of Carlisle for placing their trust in me over the years in electing me to City Council.
I will continue to do my best to earn this trust.
Thanks again.
Your Vote and Influence Is Greatly Appreciated.

RE-ELECT
Rudy Hollar
See me for your car or truck needs. We have a big inventory to pick from, and a payment plan to suit most needs.
Thanks
Rudy
CARLISLE CHEVROLET COMPANY
A Good Place To Trade. Phone 939-2701

RE-ELECT
Elmo Myers
Magistrate 2nd District
November 7, 1989
I've worked hard for the people the last 8 years and will continue to do so.
Paid for by friends and the candidate

WELLS
For District Judge
We might not like the decisions of the United States Supreme Court, but there's got to be some who can do about it. On the other hand, the people of Nicholas County do have a say about how your court of first impression, the District Court, is run.
I believe we can fairly apply the laws and still reflect our community's expectations and values.
The decisions of your District Court should be in keeping with what you want and deserve.
If elected District Judge November 7, I will remember that. You can count on it!
Paid for by Don Wells.

Eye Openers
By Dr. Robert F. Pretzsch
Optometrist
BENEFITS OF CONTACT LENSES
Although many people get contact lenses for cosmetic reasons, there are actually visual benefits associated with their wearing.
Contact lenses move with your eyes and eliminate unpredictable distortions sometimes caused by glasses. Contacts also provide vision that is more natural and true to size. Side vision is generally better because there are no temples from your frame to block out what you can see.
I Weather - rain, snow, hail and even extreme humidity - have no effect on contact lenses, whereas glasses can get wet or fog up.
Should the vision in each eye be considerably different, contact lenses can help the eyes work together as a team and provide good depth perception. Contacts may also control an eye that has a tendency to cross. Frequent prescription changes are less likely to be required when contact lenses are worn.
In a few unusual eye conditions such as keratoconus - a bulging cornea - contact lenses are a key way to provide the patient with good vision.
