Sams to head St. Jude Bike-A-Thon

St. Jude Children's Research Hospital announced today that Merolyn Sams has agreed to be the Coordinator of the St. Jude Children's Research Hospital Bike-A-Thon in Carlisle, on May 19, 1990 at the Nicholas County Elementary School.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases which afflict our children. St. Jude Hospital is non-sectarian, non-discriminatory, and, provides total medical care to all patients.

At St. Jude, scientists and physicians are working side by side seeking not only a better means of treatment, but also the causes, cures and prevention of these terrible killers.

All findings and information gained at the Hospital are shared freely with doctors and hospitals all over the world. Thanks to St. Jude Hospital, children who have leukemia, Hodgkin's disease, sickel-cell anemia, and other child-killing diseases now have a better chance to live.

The Bike-A-Thon program this year is dedicated to Ellen Marie Haynes, a six-year-old solid tumor patient at St. Jude Children's Research Hospital.

Ellen developed a malignant tumor in her abdomen which was diagnosed in June 1986. After treatment at St. Jude Hospital, which consisted of surgery, radiation, and chemotherapy, Ellen Marie was taken off all therapy in January 1987. Although she isn't cured of her cancer yet, as long as she has people helping her through the Bike-A-Thon program, there is always hope. Ellen Marie is a living example of the research, patient care and educational programs of this international recognized hospital.

We sincerely appreciate the concern that Merolyn Sams has for our work to help children like Ellen Marie, and we hope the citizens of Carlisle will support the Bike-A-Thon this spring to help provide the funds needed to preserve the world's greatest asset . . . "our children"

FHA members act as voting delegates

By Josh Shepherd
The Carlisle Mercury Staff

Two members of the Nicholas County Future Homemaker's of America were voting delegates when they voted to make a change in state FHA administration from two vice-presidents to three.

Jill Hatton, Jennie Fryman, and Tammy Wagoner travelled to Lexington to participate in the State meeting and state FHA Star events.

Wagoner, appearing as a voting delegate from Nicholas County along with Hatton, listened as all FHA by-laws changed to make room for three vice presidents. The original structure of the administration, Hatton said, consisted of a president and first and second vice presidents.

The change allowed for a third vice president to be in charge of the STAR events, another in charge of program, and the third in charge of achievement.

All would have equal power, Wagoner said, this is the first time since Kentucky started an FHA chapter 45 years ago that such a change has taken place.

Fryman and Hatton went to compete in the state FHA STAR events. Hatton was on of only two 3-Star winners in the product rating and comparison competition, senior division, with her comparison of the nutritional value of three breakfast cereals.

Fryman took 2-Stars in the FHA facts test where she had one hour to complete a 100 question test on all aspects of the FHA program.

Two state degrees were conferred on Nicholas County students Hatton and Tina Green, the highest degree attainable in the FHA symbolized by a scroll.

Tammy Wagoner, Jennie Fryman, and Jill Hatton represented the Nicholas County High School FHA/HERO chapter at the FHA state meeting in Lexington last weekend. Hatton and Fryman participated in STAR events and scored well in their respective events.

Public Protection and Regulation Cabinet Secretary Theodore T. Colley, presents Kentucky Harness Racing Commission Chairman Wayne Shumate, center, with a certificate of recognition issued by Governor Wallace G. Wilkinson, for Shumate's appointment as the president for the Association of Racing Commissioners International. Former A.R.C.I. President and K.H.R.C. Chairman, Jay Spurrier looks on.

Shumate named to post

Governor Wallace G. Wilkinson today announced that Kentucky Harness Racing Commission Chairman, Wayne Shumate, will be named as the President for the Association of Racing Commissioner's International during their 56th annual conference being held in Phoenix, Arizona, March 31 - April 5, 1990.

Governor Wilkinson said Shumate's election will, "bring continued notoriety to Kentucky's racing industry, as he becomes the second harness Racing Commission member in two years to hold this prestigious national position." Former Harness Racing Chairman Jay Spurrier, of Lexington, was the A.R.C.I. 54th President.

Shumate, 54, of Paris, Kentucky, will join other K.H.R.C. members during the Association's four-day meeting that includes: the review of the drug testing and quality assurance program; uniform licensing and fingerprinting, ownership registry, and the regulation of pari-mutuel wagering in America, Canada, Mexico and other international countries.

"Under Chairman Shumate's guidance, the horse racing industry world-wide can expect great things for the future, as his resume proves that he gives 110% to every aspect of his work," said Public Protection and Regulation Cabinet Secretary, Theodore T. Colley. The Kentucky Harness Racing Commission is one of 12 state agencies regulated by Colley's Cabinet.

Executive Director for the K.H.R.C. Carl Larsen said, "Chairman Shumate's love for the horse racing industry combined with his business acumen will provide the A.R.C.I. with the type of leadership needed for it's continued excellence in the regulation of pari-mutuel wagering."

Shumate was named 1989's Entrepreneur of the year in June of last year by a Lexington, Kentucky Company and a national business publication. He is also Chief Executive officer of Kentucky Textiles which is a multi-million dollar apparel company in Paris that makes LAPS active wear and Sloppy Joes casual wear. His company is the only manufacturer of Speedo swim wear in America.

Shumate was named President-Elect of A.R.C.I. and Chairman of K.H.R.C. in April of 1989. The A.R.C.I. primary function is the regulation of pari-mutuel wagering in the United States, including thoroughbreds, standardbreds, greyhounds, jai-lai, quarterhorses, arabians and appaloosas.

Home hints

HAIR-ORNAMENT HOLDER — I have long hair and therefore I have lots of accessories — barrettes, combs, etc. They made a mess in the bathroom, so I made myself a hair-ornament holder.

I have a small cupboard in my bathroom where I keep all my personal articles. I got some one-inch ribbon and some fancy tacks. I tacked eight separate lengths of ribbon horizontally on the back of the door. I was then able to attach all my combs, barrettes and other hair accessories to the ribbons.

Now I can tell at a glance what I have and can easily find anything I want. Janet P., Minneapolis, Minn.

DIET TIP — It seems I am forever dieting and when I'm dieting it is important to drink eight to 10 glasses of water a day. This was always difficult for me. I mean, who actually likes to drink that much water? Certainly not me!

So, to try to help, I bought my very own special glass. It is very attractive and I use it all the time. Whenever it is empty, I refill it. It serves as a constant reminder of how great I'm going to look. Rita J., San Antonio, Texas

PLASTIC WRAP — One of my least favorite chores is trying to get a plate clean after using it when flouring chicken. After dipping the chicken in either milk or egg batter and then rubbing it in flour, the plate is a terrible mess. I scrub and scrub and eventually it comes clean.

Now, before I start cooking, I cover the plate with a piece of plastic wrap and then put the flour on it. This way, I simply roll the flour and everything up and throw it away. This sure made my meal preparation much easier.
