GENERAL NEWS

Scouts make way to New Mexico

After a 24 hour training period, scouts were divided in groups of 12, approximately 6-10 scouts and two leaders and prepared for their scheduled itinerary inside the 212 square miles of Philmont.

On Davonport's hike in 1986, the uncharacteristically dry weather forced bear to abandon its withering natural food supply and search campsites for food.

However, bear were scarcely seen on the last trip giving over male deer and light for observant campers. And the prevailing climate was anything but dry.

YOU'RE INVITED You're invited to revival services Sunday morning, August 5 thru Friday, August 10 at Carlisle Assembly of God. All night services at 7:00.
