**Nicholas firemen need donations**

By Kari Ioad  
 The Carlisle Mercury Staff

**UPDATE:** The Nicholas County firemen have collected only half as many toys as they had at this time last year. Your help is needed.

CARLISLE—The Nicholas County Fire Department is holding a drive for toys, food and clothes.

Mark Hughes, Nicholas County Fire Chief, said the department is collecting these items to give to the underprivileged of the county.

Hughes said the department wants to collect enough toys to give each child at least one new toy for Christmas.

He said last year was the drive's most successful year in its almost 10 year history.

"Last year was the best year we've ever had," Hughes said. "We hope this year will be even better."

Hughes said the toys will be distributed by the firefighters Christmas Eve.

He said last year the firefighters were able to deliver toys to about 120 children.

"It gives you a good feeling," Hughes said. He said sometimes the children are waiting for the firefighters when they arrive at the house with the gifts.

Hughes said the firefighters want new toys or toys that are in good condition.

He said they do not have enough time to repair old or broken toys.

Hughes said the department will also distribute food boxes throughout the county.

Carlisle Cleaners has offered to clean coats free of charge if they are to be given to the fire department for Christmas distribution.

Hughes said toys can be dropped off at Woody's Auto Shop. Anyone wanting to donate can call 289-2369 or 289-7226 for more information.

Contributions are also accepted.

**Best in Life!**

For years, A.M. Best Co. has been recognized as the life insurance industry's performance rating authority.

Recently, in review of the 20-year net cost for a \$10,000 policy issued to a 35-year-old male, they substantiated what we've always known: our other insurance company's dividend performance measures up to ours.

It's that kind of performance that's given our policyowners the best overall protection and value per premium dollar in the past. And it's something to keep in mind when you plan for your future.
