Conrad honored by Institute

Ms. Betty Conrad, Director of Pupil Personnel, Nicholas County Schools was selected as one of twenty Kentucky's outstanding women in school administration to participate in the sixth Joint Training Seminar of the Kentucky Institute for Women in School Administration, held June 10-

12, 1990, at the French Quarter Suites Hotel in Lexington, Kentucky. The Institute, created and sponsored by the Kentucky Association of School Administrators in conjunction with the Kentucky Department of Education and the University of Miami Desegregation As-

stance Center was formed in 1985 to help women reach career goals in school administration. It was formed on the belief that women can be highly successful in any school administrative position, that more women should hold top administrative positions and areas of the state through an application process.

Each year 15-20 of Kentucky's top women educators are selected to become members of the Institute. Institute participants are selected from various administrative positions and areas of the state through an application process.

New pharmacy program to help low income users

By Joseph Hayslett
The Carlisle Mercury Staff

CARLISLE—Though a new pharmacy and prescription service program to help low-income Kentuckians is acclaimed as a positive improvement in cutting medical care costs, critics say the new plan does not go far enough in providing pharmaceutical services to those eligible.

The new Kentucky Pharmacy Providers program offers free prescription and pharmacy services to low-income families not eligible for Medicare and yet unable to afford basic medical insurance. The program is a joint effort of the Kentucky Medical Association, Kentucky Pharmacists Association, Pfizer Pharmaceuticals, and the Kentucky Health Care Access Foundation, Inc. (KHCFAF).

Windstone Farm earns honors from association

Simmental cows from the herd of Windstone Farm, Carlisle, received six Excellent and one Superior Award. The American Simmental Association maintains a Cow Award Program designed to recognize outstanding Simmental and Simbrab females. Windstone Farm joined the Association in 1972, and is owned by Mr. and Mrs. Wayne Shumate.

Some Out-of-Town Papers Would Lead You To Believe They Cover Nicholas County. Where Were They:

- In the middle of the night when high winds and heavy rain caused damage throughout Nicholas County and across the region?
• Primary Election night, when The Mercury had reporters in Nicholas, Both and Montgomery County to bring you up to the minute results, and interviews with BOTH winning and losing candidates?
• When fire ravaged a Hickory Ridge Road trailer?
• When reports came in that Shell Mart had been held-up by an armed robber?
• When the VFW and American Legion members honored America with Memorial Day tributes?
• When Don Fidler resigned, and Cebert Gilbert was hired?
• When Wendell Ford addressed NCHS graduation, and vandals struck during project graduation?
• When the Lady Jackets claimed the 37th District title, and you had the news the next day?
• When the Lady Jackets advanced to the semi-finals of the 10th Region basketball tournament - and you had the news the next day?

We Were There

No Matter What They Say: No other publication covers Nicholas County every day of every year... and no publication goes to all of Nicholas County except your HOMETOWN newspapers.

THE CARLISLE MERCURY & PLUS Monday KEEPING YOU IN TOUCH OUR COMMUNITY COMMITMENT WE MAKE AN ISSUE OF IT EVERY WEEK

GENERAL NEWS

Regents approve budget

Morehead State University's Board of Regents has approved a \$55.8 million operating budget for 1990-91 which included a 14 percent average salary increase for faculty members.

MSU's faculty salary increase is the largest among the state schools announcing salary schedules.

The average staff salary increase will be 6 percent, with the increases ranging from 4.2 percent to 9.47. Calling the staff salary increase the "down side" of the budget, President Grote said the board that "a year from now we are going to have to take a serious look at our staff salaries and make them a priority for 1991-92."

MSU has taken what President C. Nelson Grote called "a giant step" toward addressing a problem that has plagued the school for several years - low faculty salaries.

The budget also reflected a significant increase in the percentage of the Educational and General budget allocated to instruction - the largest percentage in more than a decade - 45.8 percent.

MSU's total budget represents a 12.8 percent growth over the previous year which is attributed to a larger state general fund allocation, additional tuition revenue as a combined result of enrollment growth and the 11 percent increase in fees, and projected growth in auxiliary operations.
