Blood drive planned April 2 at Nicholas County Hospital

Nature comes alive in springtime. All around us life is renewed. But there is one resource the warm sun and blue skies cannot provide — human blood. Blood used for transfusions can only come from volunteer donors, like the ones in Nicholas County.

The Nicholas County Hospital will sponsor the next Nicholas County blood drive on Monday, April 9th form 2 p.m. to 7 p.m. at the Nicholas County Hospital in the conference Room.

Every day, at least 200 pints of blood are needed by Central Kentucky Blood Center for patients in a 56-county area. Blood drives like the one sponsored by Nicholas County Hospital help to fill those needs and assure that blood will be available when an emergency occurs.

You can be a part of this lifesaving effort by donating blood on Monday, April 9th at the Nicholas County Hospital Conference Room. For More information, contact Sally Bishop at 1-800-432-9528.
