"WERE YOU COUNTED?"

An undercount of Kentuckians in the CENSUS could cost the state millions of dollars in lost projects and programs, and perhaps even one of Kentucky's votes in Congress. It's not too late to be counted. There are many people who know they have not been counted. **UP UNTIL THE END OF SEPTEMBER THERE IS A TOLL FREE NUMBER 1-800-999-1990 WHICH CAN BE USED BY ANYONE WHO THINKS HE OR SHE HAS NOT BEEN COUNTED.** This count is VERY important to the City of Carlisle and Nicholas County, as it could mean a loss of revenue and grants for up coming projects such as new water lines, parks and recreation, etc. IF YOU HAVE NOT BEEN COUNTED, PLEASE CALL THE ABOVE NUMBER

What Jesus Taught

By: George I. Rogers

Should principle come before person? We think so. Many will judge whether a thing is right or wrong on the basis of the number who think it is right or wrong. Some religious teachings are accepted only because others accept the teachings. With many it is not a matter of whether the Bible teaches what they believe and practice; they think that if multitudes believe and practice a thing that is the proof that it is right. God spced the day when more and more people will stand for what the Word of God teaches; for what is right, regardless of how many say teh think it is right. May the day soon come when more and more people will stand against that which is not authorized by Christ in his word, regardless of how many may be for it. To go to heaven people must stand for what God teaches in his word. Yielding to the sentiment of the masses, when the masses are wrong will cause many to be lost in hell.

Some think that one does not have the spirit of Christ if he talks of hell. But the Bible tells us much about hell, and Jesus Christ said more about it than any other Bible spokesman! Some of our Lord's most graphic language was used in describing hell! He taught that hell is real! He taught the hell is eternal! He taught that after death and the judgement men would go there who did not put him and his cause first.

My friend, do not be swerved by opinions and popular concepts, but study the Bible to see what it teaches on any subject. Do not study it to see if you can make it mean that which will fit the ideas and practices of men who do not follow the Bible. If you do this you will weest the scriptures to your own destruction. (2 Peter 3:16.)

When Jesus was here upon earth he said much about putting him and his cause first in our lives. "Seek ye first the kingdom of God, and his righteousness, and these things shall be added unto you. He that loveth Father or Mother more than me is not worthy of me. He that loveth son or daughter more than me is not worthy of me." (Matt. 10:37.)

To go to heaven we will have to put Christ and his truth first. We will have to put principle before person.

Pre-school program being set up by schools, community action

Community Action Council's Head Start program and Nicholas County Schools are teaming up to provide a preschool program for four year old children. The program, which begins on September 17, is free to parents and is designed to help young children become better prepared for success in school.

"By blending the Head Start program with the Nicholas County School's preKindergarten program, we believe more children will have the opportunity to get a good start in school," said Cebert Gilbert, Superintendent of Nicholas County Schools. "We want every eligible child to enroll."

Jack Burch, Executive Director of the Community Action Council, agreed with Mr. Gilbert and added that by combining resources, this joint effort to extend a quality preschool experience to more families in Nicholas County.

The program features individualized activities for children to develop physical, mental and social skills needed for success in primary school as well as health and nutrition services.

"Because we are convinced that parents are the primary educators of their children, parents will be provided opportunities to be involved in the program as volunteers, decision makers, advocates, planners and evaluators", said Burch.

While all children who are four as of October 1, 1990 are eligible to attend, preference will be given to children who qualify for participation in the district's school food service program. Head Start will be accepting application for eligible three year old children.

The preschool program will be located at the Community Action Council, 149 Scrub Grass Road. Call for beginning date.

For more information, contact Jane Becker, Nicholas County Schools, at 289-2265 or Margaret Hunter, Community Action Council, at 289-7172.
