Ritchie couple to celebrate 72 years

Mr. and Mrs. W.B. Ritchie will celebrate 72 years of a happy marriage on April 12. They were married April 12, 1919 in Jeffersonville, Indiana, by the late Rev. James Keijeon.

It took them all day to travel from their homes in Nicholas County, near Barterville, KY. Times have changed since they drove a Model-T Ford to the state border, crossed the river by a ferry and found a preacher in Jeffersonville.

That will be 72 years ago April 12, 1991. The weather was beautiful and warm that day. Mrs. Ritchie remembers wearing a blue cotton dress, and Mr. Ritchie wore a brown suit. Their only attendants were, his sister and her brother, Mr. and Mrs. Silas Jackson, both now deceased.

Mrs. Ritchie, 86, is the daughter of the late Wilson Wood and Cinderella Stitt Jackson of Nicholas County. Mr. Ritchie, 93, is the son of the late Charles C.C. and Claudia B. Snapp Ritchie also of Nicholas County.

The Ritchie's have lived in Nicholas, Harrison, Henry and Bourbon Counties, having moved to their home in Paris in February, 1962, 29 years ago.

Mr. Ritchie has one sister, Mrs. Syrena Alexander of Carlisle, Kentucky. They both have several cousins, nieces and nephews.

Mr. Ritchie farmed all his life, and for 28 years was floor manager at the Cynthiana House Warehouse. Mrs. Ritchie has been a lovely housewife and a wonderful mother.

The Ritchie's have been beautiful and loving parents to their four children, Mrs. Elizabeth Buckler, Theadore Ritchie (deceased, October 14, 1983), Mrs. Helen Pennington and Mrs. Jewell Wagoner.

They will be honored with a reception given by their daughters and daughter in-law, Mrs. Theresa Ritchie, at the Ritchie's residence, 1935 Brent Street, Paris, Kentucky 40362, on Sunday April 14, from 2 - 4 p.m. All friends and relatives are invited. They request no gifts please. They do appreciate cards.

In addition to their three daughters and one daughter in-law, they are blessed with nine grand-children. William Leslie Buckler, Gwendolyn Ann Buckler (deceased), Theadore Ritchie Jr., Judy Ritchie Tucker, Melissa Pennington Darland, Rev. Claudia Pennington Sexton, Wayne Baxter, Samuel Randolph and Jarvis Ritchie Wagoner.

They also have twenty great-grandchildren, Connie Buckler, Michael Buckler, Leslie Buckler Ellis, Kimberly Buckler Welker, Lisa Buckler Mitchell, Bill Allen Buckler, Jo Ann Buckler Shofner, Ted Ritchie, Tiffany Ritchie, Alicia Ritchie, Brandon Darland, Jessica Sexton, Jason Sexton, Michelle Wagoner, Cristina Wagoner, Michael Wagoner, Mandy Wagoner, Derrick Wagoner and Kain Wagoner.

They're blessed with eight great- great- grandchildren, Ryan Buckler, Lauren Ellis, Rachel Mitchell, Matthew Mitchell, Rebekah Rutherford, Zachary Rutherford, Jennifer Shofner and Rebecca Shofner.

According to the Ritchie's, the secret to a good marriage is give, take, love, honor, obey and a lot of hard work.

We wish the Ritchie's a happy, happy anniversary and many more good years together.

Their daughter and son-in-law, Rev. and Mrs. Earl (Helen) Pennington will celebrate their 47th. anniversary on April 10. Their address is: 328 Yorktown Drive, Paris, Kentucky, 40361. So they will be celebrating right along with the Ritchie's. Rev. Pennington is Pastor at Headquarters and Mt. Pleasant, where he has served the past two years.

COMMUNITY

Blood drive held

Jockey International sponsored a blood drive on March 14th and 15th through Central Kentucky Blood Center. The response was good with 76 people registered and 64 pints of blood donated.

Jockey International's leadership has demonstrated their commitment to the people of Nicholas County by allowing their employees the convenience of on-site blood drives. The success of this drive is due to the efforts of many people including Bill Copher who coordinated the drive, a recruitment team and the Jockey employees who showed their concern for their community by sharing the "gift of life".

The following people took time to try to share their good health by donating blood at the Jockey blood drive: Shirley M. Trussell, Carol L. Mann, Gary L. Beckstrom, Everett D. Earlywine, Cecil R. A Fresh Start

Nicholas County Extension Agent Mike Phillips puts the finishing touches on a tree planted last Saturday at Blue Lick State Park. The planting was part of a ceremony celebrating Arbor Day. Phillips also asked in teaching classes about conservation and tree care. Approximately 20 people were in attendance.

Drive is planned

The Nicholas County Hospital and Central Kentucky Blood Center ask you to do your part for the Carlisle community by donating blood on Monday, April 15 from 2 p.m. to 7 p.m. at the hospital Conference Room.

Regularly scheduled blood drives are essential for effective management of blood and specialized components in CKBC's 57 county service area.

Red cells, the component most frequently needed, can be stored for only 35 days. Platelets, another component regularly needed, must be transfused within five days after donated.

Blood drives like the ones sponsored by Nicholas County Hospital help provide a steady blood supply to the patients in local hospitals.

With the group's support, CKBC strives to maintain an inventory of 2,000 units of blood and blood components.

Do your part at the blood drive on April 15. Call Cathy Brunker at 289-7181 for more information.

Johnson Mather Health Care
Nicholas County Hospital
Mammography Department

Robyn Potter, Radiology Department Manager, encourages all women to consult their physicians or call the hospital at 289-7181 to set an appointment for a mammogram. "Everything has been in place since February 43." Hospital Administrator, Dan Miller says, "This is the same state of the art equipment as used at UK and other area hospitals." A little discomfort from 30 seconds of compression is well worth the comfort of knowledge that early dection warning is available.

The American Cancer Society has very informative pamphlets and videos to be reviewed in either the feminine, comfortable setting of the Mammography Room, or in your own home. About 1 in 9 American women are victims of breast cancer every year.
