Convenient

It may not be a word that is used often when talking about a college education. But it's a word we believe in.

At Maysville Community College, we don't think students should have to jump through a bunch of hoops, take out a second mortgage on the ranch or drive hours each way just to get the education they need.

We make enrolling easy with very little red tape. At MCC, tuition is just $29 per credit hour for Kentucky students and $85 per credit hour for students living outside the Commonwealth. And with 10 off-campus locations, Maysville Community College offers classes close to just about everyone.

If an affordable education, close to home with no hassles is what you're looking for, call Maysville Community College today at 606-759-7141.
