Agriculture surplus commodities to be given Dec. 11 & 12

The Community Action Council announced today that the U.S. Department of Agriculture surplus commodities including green beans, rice, applesauce, tomatoes, and corn meal will be distributed to eligible area residents. Amounts allocated vary according to household size. Foods and amount may be adjusted depending upon availability. The foods will be distributed at Senior Citizens 124 West Main Street on Wednesday, December 11, 1991 from 8:30-11:30. Community Action, 149 Scrub Grass Road will distribute Thursday, December 12, 1991 from 1-4:30 p.m.

Misrepresentation of need, or sale or exchange of USDA commodities is prohibited and could result in a fine, imprisonment, or both. USDA's Emergency Food Assistance Program is available to all eligible recipients regardless of race, color, national origin, age, sex, or handicap.

If it is necessary for someone to pick up your commodities, you must send that person your Social Security card or driver's license as a form of identification. We also need a signed permission slip from you. This must be completed on the forms available at Community Action. YOU MUST USE this form and this form only. Forms can be picked up at the Community Action office Monday-Friday from 8 a.m.-4:30 p.m. Any other permission slip will not be accepted.

In order to receive commodities, you must show your Social Security or Driver's License. This is a new ruling by the State and there will be no exceptions.

ness was also involved.

"To receive a state grant like this, it must be strictly a local government agreement," Nicholas County Judge Executive Reese Smoot said.

Discussion turned to the possibility that the County put up 100 percent of the match and control the recycling organization themselves.

Assording to the discussion, the county plans to meet its part of the $16,600 not by offering money, but offering the County Landfill buildings as a center.

But the court finally came to a decision that controlling 100 percent of the recycling operation would not serve any purpose, and after adopting the 70-30 resolution, court moved on to other items of business.

The fiscal court tabled a decision to accept tentative bids by three sanitation companies to provide a transfer and garbage collection station as part of the fiscal court's universal garbage collection system.

The companies offering their proposals to the court are Rumpke Sanitation, A-1 Sanitation, and Waste Management of Lexington.
