DON'T DRINK AND DRIVE. Let me tell you a story about what drunk drivers can do. This may sound strange but they can take the life right out of you.

It was a cool summer night when they came to the door and when I heard the news I didn't think I could go on living anymore. I was blind in my eyes and said please understand that I was a drunk driver that killed your friend.

I said you must be mistaken. Dan just left my house a few minutes ago. Then Dan's parents pulled into the drive. I ran out to meet them praying this was all a joke and that Dan was still alive. I didn't know how I was feeling at the words to say. My life went on hold till that's come to an end. Dan was young, handsome and my very best friend. I went to his funeral and it hurt so bad. I can't see Dan lying there lifeless and sad. I don't know that Dan is gone. I have to go on living. If you want to help save a life, Please, Please, Don't drink and drive.
