COMMUNITY

Blood drive to be held Jan. 6

The holiday season brings thoughts of family gatherings, decorations, and gifts. Volunteer blood donors can give a gift of love to patients at local hospitals. Most donors' blood is separated into three components and transfused to three patients to meet their specific needs.

During the holidays, many donor groups and individual donors do not schedule a blood donation. This means less blood is available to patients hospitalized during December and January.

Share your holiday spirit and give blood this season. Your donation will be a gift of love to the suffering and ill. For more information about donating, call Sally J. Bishop of Central Kentucky Blood Center at 1-800-432-9028 about a blood drive in Carlisle on Monday, January 6, in the Nicholas County Hospital Conference Room from 2 p.m. to 7 p.m. All donors will receive a free tetanus booster/injection. Blood is the greatest lifesaving miracle of all.
