"THE WORTHINGTONS"

Pete Worthington was born & raised in Ewing, a small town of 200 in Fleming County, Ky. He still lives there today with Linda, his wife of 30 years, as he has for most of his life. He has chosen to live in this small Kentucky community despite the fact it required him to travel 100 miles daily to his job at IBM in Lexington.

Pete & Linda have three adult children. Their son, Weston, is a recent graduate of the U.K. College of Law & currently practices in Northern Kentucky. One daughter, Laura, is a special education teacher in Glasgow, where she resides with her newlywed husband, Greg, the son of Mr. & Mrs. Jerry Harris. Their youngest child, Julie, will graduate from the U.K. College of Dentistry shortly before Election Day.

Pete is the son of Buster & Maude Worthington, who live just down the road. In fact most of the Worthington family lives in Ewing. Just like most of your small towns in rural Kentucky.

With your help and support, we can win this election. I ask for your vote for Lt. Governor on May 28.

Rep. Pete Worthington
