

Training facility

Continued From Page 1
 said Crawford.
 The building site directly behind Carle City Hall and will open into the bay that houses the fire truck.
 "About 10 years ago we had a meeting room beside of where the fire truck now sits, but it was taken away to be used for storage."
 "We've thrown around the

idea for a new training facility for some time now, we just needed approval from the Carle City Council before any construction could begin. It's really important for the firemen to have a place to hold meetings and keep track of files.
 "We are going to have state certified instructors come in and provide videos, slides, and other training materials to the firemen.
 Charles Bramfield, of the Nicholasville Fire Department, will hold a training session for us on every fourth Monday night," Crawford explained.
 "I'm very excited about the new training facility and hopefully we can be moved into the building by the fourth Monday of this month, Crawford said.

Tommy Crawford, Nicholas County City Fire Chief, was presented with a check for \$200 from Budh Johnston, Area Supervisor of South Central Bell in Paris, Kentucky on Wednesday, September 4. Crawford said, "The donation will be used for the new training facility the city fire department is building behind Carle City Hall. We should have the building involved in a matter of weeks. I've kept having good weather."

Cassity returns home from Persian Gulf

By Melissa Hall
 Cassity returned home from a two-year tour of duty in the Persian Gulf. He was in Germany at the time he was being shipped to Saudi Arabia to participate in Desert Storm. He had been in Germany at the time he was being shipped to Saudi Arabia to participate in Desert Storm. He had been in Germany at the time he was being shipped to Saudi Arabia to participate in Desert Storm.

POLICE LOG
 City of Carlisle Police Officer James Brent Wade investigated a two-vehicle, non-injury accident September 19, 1991 on West Main Street. Drivers involved were Brad A. Brierly operating a 1991 Ford Escort and Tracy L. Snapp operating a 1989 Toyota pickup.

Arabs to participate in Desert Storm
 "I know I had to go, I just really have a choice so I just made the best of it."
 The first phase we were located was in Dhahran at the Tactical Assembly Area (TAA).
 "All we had to eat were Meals Ready to Eat (MRE). We had to be very careful with the amount of water that we used and when it was getting short, the water was rationed out."
 "I didn't really have a chance to think about how welcome home by his friends many days I had been there since things kept changing and everything happened so fast."
 "I met so many people and made a lot of good friends during Desert Storm, many ones again."

Anna, Jason and William Cassity

Boone's Cabin open Sept. 21

Carlisle-Nicholas County Tourism Inc. monthly board meeting made plans for the following events in the upcoming months:
