of Charles and Catherine Canapp, and April C. Herrington daughter of Mr. and Mrs. Billy Herrington. Over 500 students from 30 high schools in Central Kentucky have been recognized in this year's "Youth Salute".

The Lexington area Central Kentucky Youth Leadership Council was formed in 1980 to conduct the "Youth Salute" in nearby counties in cooperation with the National Council on Youth Leadership, a non-profit organization. Students were nominated by teachers, guidance counselors and principals for this year's "Youth Salute". In order to qualify, the student had to be a junior, have a 3.0 GPA or better and have been elected to a position of leadership in a school, religious or community sponsored organization during the past two years.

Fixing up? Look up!

When finishing all of those outdoor activities for the season, remember to stay clear of electric power lines when you're...
● cleaning gutters.
● using ladders and scaffolds or long-handled paint rollers.
● installing or moving an antenna.
● trimming trees.
And before you dig, be sure there are no underground lines in the area.
When using electric hand tools outdoors...
● check to see that the tool is properly grounded and in good condition.
● don't use it in rain or dampness.
● use ground fault circuit interrupters at outlets for extra safety.
And remember, keep away from all fallen wires and report them immediately.
