Regina's Santa Letters of the Past

Dear Santa,
I would like to have a gun and a remote control car. I have a little sister 18 months old. I like to read books and I love to play. We love you and will have something under the tree.

1966
Dear Santa-Claus
I have tried to be a good boy. I would like for you to bring me a bike with high handle bars.

GENERAL NEWS

District prepares for final grant applications

Water district members are preparing for final grant applications. The Public Service Commission's tariff regulations continue to cause problems for the Nicholas County Water District.

Missy Hammons and Mr. and Mrs. Steve Livinville are signed: Water District account Rob Kinastie said he would mail a copy of the agreement to them and Curtisinger provided them the number.

In some cases, those requesting water lines were in a position where they could pool thousands of dollars to finance the water extensions. In one case a group of people would not pay for the line.

When those lines were extended, the agreement each party signed stated that others who decide to tap on a lateral line to the water line, they would not pay for the line.
