**A clean environment: It's everybody's business.**  
The nation's electric utilities... and their customers... will have to pay the bill to comply with sweeping changes... the nation's clean air laws... Kentucky is a great place to live and do business... we want to help keep that way.

Very few states offer lower rates than you'll find in Kentucky. And even with these necessary environmental expenditures, our rates will still be below those in other states.
