**Council votes.**

Continued from Page 1 household and as of March 1 the charge will be \$4.50, for business it was \$4.00 an increase to \$13.00.

However council members reminded Shaw that A-1 Sanitation gave a single bid to cover all city trash collections.

Council members in drawing up the collection ordinance were attempting to keep residence fees at lowest possible price.

Brownie Hallar has no input on each individual or business just a total amount. Lott said, "That compared to Bourbon County's residence rates Nicholas is comparable."

Shaw did attest that people had been depositing garbage bags downtown and taking advantage of local business. Shaw said, he was paying A-1 Sanitation an addition \$3.00 out at curbside.

It is hoped by council members that addition to the ordinance prohibiting garbage from being brought into the city of Carlele will aid in controlling the growing problem.

**Final Notification of FmHA's Findings of No Practicable Alternative to a Floodplain Impact and No Significant Environmental Impact**

The U.S. Department of Agriculture, Farmers Home Administration (FmHA) has received an application for financial assistance from the Harrison County Water Association, Inc., SAIF KY 910714-0830. The specific elements of this proposed action are the construction of approximately 120,000 feet of 4 and 6 inch waterline and a 100,000 gallon storage tank.

FmHA has assessed the potential environmental impacts of this proposed action and determined that the location of the proposed waterline would impact the 100-year floodplain. It has been determined that there is no practicable alternative to avoid this impact. The basis of this determination is as follows:

- The proposed waterline will impact the 100-year floodplain along Morning Glory Road.
- The proposed waterline must be located within the floodplain in order to serve proposed customers.
- All practicable mitigation measures have been agreed to by the applicant.
- The proposed action conforms to applicable state and local floodplain protection standards.
- FmHA has also determined that the proposed action will not significantly affect the quality of the human environment and will not prepare an environmental impact statement.
- Any written comments regarding these determinations should be provided within 15 days of this publication to Ms. Mary Ann Barson, State Director, Farmers Home Administration, 771 Corporate Drive, Suite 200, Lexington, Kentucky 40515-1771. FmHA will make no further decisions regarding this proposed action during this fifteen-day period. Requests to review the FmHA environmental assessment upon which this determination is based or to receive a copy of it should be directed to FmHA District Office, 3161 Center Drive, Lexington, KY 40517. Federal law prohibits discrimination on the grounds of race, color, national origin, religion, age, handicap, and sex in this program.
