NOTICE
Due to new State Regulations the City of Carlisle has installed an air gap separation device on the Bulk Water Loading Stations.
Each water hauler will have to provide their own hose and female 2" quick connect. This will come effective as of January 1, 1992.
Tampering with air gap separation device or removal of air gap separation device will result in water loading station being closed until device can be replaced.
If you have any questions, please call the Carlisle Water Plant at 289-3715.
Thank You Thomas Vice

Blood drive to be held Jan. 6

"Cold weather and the ill of winter often cause desperately low levels in the blood supply. To prevent such shortages, all blood types are needed. On Monday, January 6, the Nicholas County Hospital Country blood drive from 2:00 p.m. to 7:00 p.m. at the Nicholas County Hospital Conference Room.

Donating involves four basic steps: registration, medical screening, donating, and relaxing with refreshments. The whole process takes only 30 to 45 minutes. That is very little time considering the good it can do. Please help prevent shortages and save or more credit hours. Most of information, contact Sally J. Bishop of Central hours. Kentucky Blood Center at 1-800-427-0689.
