

For your support we're proud to give you our support, Nicholas County

Nicholas County Fire Chief Mark Hughes re-accepts country ham raffle winner Dorsey Lynn Watkins prize. Watkins donated the ham to the county fire department's Holiday food drive Drive.

The 1991 Nicholas County Fire Department Toys for Tots and Food Drive was the most successful venture yet for the annual charitable event. With the support of Nicholas County merchants and citizens, the fire department received the largest donations of money, toys and food ever since the program began. For that, we say thank you

With your help, Nicholas County, 88 county families received toys and food during the holiday season. 88 families. Each child received a new toy on Christmas among the hundreds of other toys people donated. 30 food boxes were also delivered to needy Nicholas Countians, each supplied with either a canned ham or turkey, a 10lb sack of Potatoes, a can of coffee, and a variety of canned and dry foods.

We also extend special appreciation to Dorsey Lynn Watkins, who donated the country ham he won in the raffle.

To all of you who helped make the 1991 holidays a joyous occasion for all Nicholas County people, we pledge our continuing support and appreciation. And our prayers that 1992 will see the tradition of giving happen all year round.

Sincerely,
The Nicholas County
Fire Department

Nicholas County Fire Chief presents Jeanie Ramey of Jackstown the country ham donated by Dorsey Lynn Watkins during the raffle held over the holidays. The ham was an added bonus to the food drive which supplied baskets to 30 families in Nicholas County.

Santa Claus gets a free ride on the top of one of the Nicholas County Fire Department engines as it drove through town on its way to the department and a whole host of Nicholas County children.

Some Nicholas County children were just getting used to the idea of Santa Claus when he appeared at the front doors of the Nicholas County Fire Department. This one young lady didn't know what to think.

Members of the Nicholas County Fire Department and Ambulance Service collect the remaining collection of toys donated by Nicholas County residents for the fire department's annual Toys for Tots drive. 1991 donations were the largest ever, providing one new toy and several donated toys to the children of 88 families in Nicholas County.

Outside the Nicholas County Fire Department doors, a crowd of children and parents await the arrival of Santa Claus just before the Christmas holidays. Many of these families donated toys to the fire department to be used as gifts to less advantaged children in the Nicholas County area. The drive was a huge success, providing a warm and happy holiday for 1991.
