"We're taking heat and cooling from the ground. And that's just about as resourceful as you can get." -Tracy Royse When Tracy Royse built a house in When Tracy Royse built a house in Plenningsburg for his mother, Marjoric, they chool goothermal heating and cooling. "We were fooling and cooling to the control to the cooling to the cooling and a blood permits from the cooling and a blood permits foot own will pay back the price difference. The rebates from KU help, to one." "You can go from room to room and there's no difference in temperature." Adaptive says. "And is sclean, quiet an exactive. It's just a rably good way to beat "Another thing I like is the free hot "Another thing I like is the free not water, too," says Tracy. "That's a big savings. I could go on and on. I would recommend it to anybody." For more information, contact a customer service representative at the local KU office or a heating and cooling
