

Well, we're moving on up...

The Nicholas County Band took up the beat for the Lady Jackets during the pep rally at the Nicholas County High School gym. Through both the district and 10th region tournaments, the band has been shuttled back and forth from Bourbons, to Harrison, and then off to Mason County to perform. Known as one of the region's loudest bands, they were also asked to play the National Anthem prior to several district games and before the championship game of the girls 10th region tournament. Look for them in Richmond as well.
