LETTERS TO THE EDITOR

Editor:

The April 17 Resource Fair

was a success. And a success

it was! We had 900 plus

students and an unknown

number of adults and pre-

school children attend. Your

support was crucial to that

success. Thank you!

Every exhibit was named

in favor of one group or

another of students. Many

notes and problems and learn

from them.

Sincerely yours,

Allen Clay Stone

Editor:

This letter could go to

drivers of Kentucky road and

other states too. More are

more than 400 people are rid-

ing motorcycles for pleasure

and major transportation.

People tend to look over mo-

torcycles riders because they

are a fine citizen that was rid-

ing a motorcycle. It was an ac-

cident that could not be stop-

ped. This week another fine

citizen was hit by a car while

riding his motorcycle because

the driver of the car just didn't

see him coming when they

turned. Fortunately, we still

have this citizen with us but

seriously injured.

All I am asking is a little

more respect on the roads.

Take that extra 45 seconds to

look both ways and make sure

that nothing is coming. Un-

like a car, you can not lock up

the brakes on a motorcycle

without losing control. You

are dealing with 4 or two-

wheeled vehicle that has to be

balanced.

I do understand that acci-

dents happen and some can-

not be prevented. This letter

is just to make people aware

that there are more two-

wheeled vehicles out there on

the roads now than ever be-

fore. Leave that extra five

minutes early so that all citi-

zens whether driving a mo-

torcycle, a car or a semi-truck

can travel the roads safely.

Thank you,

Cathy Curtleiner

Our politicians need to do

more than give us a guest

appearance at the Fourth of

July Celebration.

We need some basics such

as better roads, rural water,

programs for work, education
