 CARLSLE, KY. 40311

**CELEBRATES  
 NATIONAL HOSPITAL WEEK  
 NATIONAL NURSING HOME WEEK  
 MAY 10-16, 1992**

Seventy-one years after the first National Hospital Day, health care facilities still find great value in setting aside a special time to celebrate their role in the life of their communities. Today's health care facility is educator and employer, consumer and caretaker, activist and advocate, missionary and merchant - in short, a leader in assuring the health and well-being of the community.

May 10-16th is a time to remind people of the richness and importance of this role, and to thank those who make it possible: the community for its support...employees and volunteers for their dedication...physicians and patients for their trust!
