The new breed of Jockey employees?
The Jockey Halloween costume contest drew over 50 contestants and as many original and original costume creations as could be conceived in an effort to win any one of five cash prizes, including a top cash prize of \$175. The top five finishers, seen here wearing First National Bank representative Mike Hilcock and Bank President Larry Hutchison, judges of the contest, display their award winning costumes. Although monster motifs were popular, judges awarded first outfit to the stowaway old woman on the far right. At the left hand picture, it was evident that some costumes approached the grisly with a considerably effective realism. Some even conveyed political messages, such as the angry voter costume featuring the three presidential candidates on a mock television screen showing rhetoric.

NOTICE TO THE PEOPLE OF CARLISLE AND NICHOLAS COUNTY
Having decided to run for Judge/Executive of Nicholas County in this coming Democratic Primary in May 1993, I feel I should let each one of you know I have been in Nicholas County since 1953 and been a part of this good community as a dairy farmer, business partner, and a citizen of the county. I feel like I can help improve our county by being your Judge/Exec. I will work with you the people, to get improvement we need and want.
We must move forward by improving our education, our communications, and our relationship with groups and individuals in our county and city.
I believe in some of the things our people are doing, but as always, things can be improved if worked hard on. I will be your full time employee if elected.
There is still some time before the election is here. This will give you some time to get to know me and some things I want to get done as your Judge/Exec.
Let me show you what can be done if you elect me.
