Elect FLOYD W. BUSSELL FOR NICHOLAS COUNTY JUDGE/EXECUTIVE TO THE CITIZENS OF NICHOLAS COUNTY

Dear Voter: On May 25, 1993 the Primary Elections for Nicholas County will be held. These elections are very crucial in that your voice will determine the individual that will run our community and be responsible for its future prosperity. For this reason, I want to ask you for your support and vote in the upcoming election.

I am a qualified candidate, have 20 years experience on the Board of Directors, and twenty three years of banking and financing. I am presently Branch Manager and Vice-President of The National Bank of Cynthiana. This position has allowed me to interact with the public, see budgets, understand financial difficulties, and in turn invest money for a profit in a short length of time. I like to apply this knowledge to Nicholas County and help bring about changes that we will all benefit from.

I fully understand that being a Judge/Executive is a demanding position what is very time consuming. I am prepared to be a full-time Judge and have no other duties or jobs to take away from this position. I would always make myself available to the public so that I would have a first-hand basis on all the events and uprisings of our community.

I also feel strongly about extending my services to the youth of Carlisle and Nicholas County. I take pride in saying that I've had four children graduate from Nicholas County High School and I have always supported athletic events and other extracurricular activities. I have coached Little League Baseball, been treasurer for Little League Baseball, and was Vice-President for Babe Ruth Baseball. I will continue showing interest in the youth and I hope they will return the same interest in the community in which they are being raised. I want them to be aware of the strong and weak areas in Carlisle and Nicholas County and help us to bring about changes.

Some of my accomplishments that include: getting water to all the residents on Lake Road, having water lines changed and new water meters installed in Liberty Heights, and getting several streets in Liberty Heights and Lake Country block-paved. These facts are only a beginning to the changes I want to bring about to our community. I consider the next five years a great test that I would eagerly face. With my qualifications, I am ready to make the decisions that will affect the Nicholas County and Carlisle people. I truly hope that you will consider me on May 25, 1993 for the position of Judge/Executive. He that we see forth in a progressive and proper manner. Your Vote And Support Will Be Appreciated.

Cynthiana jeweler takes milk with Olympian Jenner

Beverly Haynes, Blue Grass Jeweler, Cynthiana, recently returned from the Independent Jewellers Organization's Spring Show in Orlando, Florida. A highlight of the Show was a special milk walk with Olympic athlete, Bruce Jenner, in support of one of Jenner's favorite charities, the Special Olympics. Beverly joined other 120 members to raise over \$1,000 for the charity. IJO is the largest buying group in the world. Larger, in fact, than all of the others combined. As the exclusive Master IJO Jeweler in the entire favorite Olympic athlete Beverly was able to take advantage of the Group's \$600 million buying power to purchase jewelry at considerable savings in Orlando from the top manufacturers in the business. "We put our lips on to our customers," Beverly says. Bruce Jenner's Olympic, personal and professional success story is unique. In 1976, drafted in weight, ecstatic with joy, arms stretched above his head, he completed his world record-setting performance of 8,188 points in the decathlon. Although his record has since been eclipsed, Jenner placed second to the legendary Jesse Owens in the category of all-time favorite Olympic athlete and first among people under 34, in a Scholman, Ronca and million buying power to purchase jewelry at considerable savings in Orlando from the top manufacturers in the business.
