Baesler

Continued from Page 1

unique position to evaluate and comment on both past and current efforts to reform our nation's education system," said Baesler. For example, during the sessions local teachers will have a first hand opportunity to evaluate H.R. 1804, also known as "Goals-2000: Educate America Act." This legislation will write into law the six National Education Goals and embrace the principle that "all students can learn challenging subject material and reach high standards of academic achievement." Goals 2000 will provide formula grants to states and to local school districts to begin or continue their own system-wide reform efforts.

The Congressman will also provide Nicholas County teachers information about the National Service Trust Act, which encourages participants to work in community service. The forums will also provide insights into School-To-Work Transition Programs, the Reauthorization of the Elementary and Secondary Education Act. Baesler has written educators in Nicholas County, inviting them to the sessions. He wrote, "I would like to be able to draw on your experience and advice as I evaluate the various proposals."

Little League football holds tryouts

By Heather Mathes-Harris
Of The Carlisle Mercury Staff

CARLISLE - The new Nicholas County Little League Football program will be holding tryouts for children in third, fourth, fifth and sixth grades on August 10, from 6-8 p.m. at East End Park.

According to Kay Earlywine, one of the parents involved in organizing the program, the league is doing well on reaching their donation goal of $7,000.

"When you go to buy helmets, pads and shirts for 60-90 participants it does get pretty expensive, but we are well on our way to reaching our goal and we need to get these boys signed up in order to get a better idea of how many teams we will have," Earlywine said.

"The YMCA in Paris has already had tryouts, so we need to get moving on ours. We would like to have at least 60 players.

"The coaches in Paris will be coming down to have a clinic with our coaches and players here, so we need to get the team breakdown ready."

The number of teams formed will depend on how many turn out at the tryouts on August 10 or call Larry Trussell.

The Nicholas County Little League will play teams from Paris and possibly teams from other surrounding counties, according to Earlywine.

Earlywine said that parents should not fear about the safety of their child in the little league football program.

"These players are going to be taught the fundamentals and the safe way of doing things, that is what is most important," Earlywine said.

"This program is supported by the high school football coaches because they know that the more these players learn right now about the fundamentals of football, the better they will be prepared to play high school ball.

"And also the players will be safer, because they have already been in the game and know the correct and safe way to do what they have to do."

Last year, anyone in this age group wishing to play football had to be transported to Paris for practice and games.

"We usually made four or five trips a week to Paris. This way we will be going to Paris to play games, but it will not be an everyday thing," Earlywine said.

Players wishing to take part in the program should attend the tryouts or contact Larry Trussell at 289-2167.

The state of Vermont was an independent republic for 14 years, becoming a state in 1791.

Will you be ready?

By the time your little bundle of joy is ready, four years of college may cost you more than $45,000. Will you be ready?

You can be, if you begin a **College Savers Fund** for your little treasure. Bourbon Bank's new college savers fund offers you an easy way to begin saving.

• You will earn the same rate as U.S. Savings Bonds. The rate will change every six months and be the same as the U.S., EE, savings bonds.

• You can add to your fund anytime. The best way to save is automatically, have a certain amount transferred into your fund every week or month. When your student graduates from high school you can withdraw from your fund*.

• Others can contribute to your fund, and receive a gift certificate to present to you.

• Come in and let us help you be prepared for college.
