MERCURY VAPOURS

Hospital is more going for it.

OPERATE (not that I don't have friends who profess they know it works!)
This column has been being in my mind ever since I got out of the hospital.

My better half found me hanging or holding to the door jam, that is, the part of the doorway over my head. I, who can not even "thin" a bar very mistakenly thought I could pull up and maybe the weight of my legs and clad hoppers would pop, slip or pull through back into place.

NICHOLAS COUNTY HOSPITAL
It wasn't the first time I was laid up. I'd hurt the area in 1947 when we were moving The Mercury heavy equipment, from the Abraham building to the present location. Now, all the heavy stuff is gone with the operation of the old O&P paper cutter and the 1250 Multilith which only

This is a picture of the Upper Blue Licks (Lick Branch) School and Lodge on the second floor. Hanking Roselle, leaning against the chimney was the superintendent at the time. Those in the picture include first row, Charley Edridge, Hanson McVey, Dave Kenney, Homer Todd, Jim Mitchell, Willie Tolbert, Johnny Kenney and Robert Head. Second row, Thomas Mitchell, Robert Todd, Robert Colwell, Howe Wiggins, Mattie Wiggins, Anna Collier, Lydia McVey, Doyce McVey, Mae Templeman, Nannie McVey and Mattie Turner. LETTERS TO THE EDITOR

Jim Simons was very justifiable in his statement about the \$40,000 amount. Just think of how much up date or line item for 1992.

While I am doing good so far, I will make some more donations to the hospital. I am just of Kentucky and I am sure that these problems are just typical of Kentucky.

As an example look at the area around Nicholas County and see where we compare. I don't think we even come close.
