Body fluids...

Continued from Page 1

trained to dispose of body fluids within 30 days.

Any other employees shall receive the training by written request to the Director of Buildings and Grounds, the policy states.

It also states the Nicholas County Board of Education shall provide all necessary materials and supplies for handling and disposing of body fluids.

The board also noted that Superintendent Cebert Gilbert, Jr. and board members Louise Zachary, Samuel Vice, David Smoot and John Cleaver attended the 1993 Annual Conference of Kentucky School Boards Association in Louisville in February.

The school board members spent two and a half days attending education clinics. Some topics discussed included KERA, community partnerships, budget planning, facilities planning, demographics and council and board relationships.

More than 1,200 other school board members were also in attendance.

Several other motions were approved by the board. They were as follows:

- Approved the treasurer's report for the regular and Chapter 1 accounts for the purpose of paying the bills and all other purposes.

-Acknowledged the receipt of the required notification from the Superintendent concerning his hiring of Gerald Knox as a substitute custodian.

-Appointed Bill Guthrie, Martha Taylor, Rob Lane, Nida Fryman, Wilma Donohan and Sammie Vice to study classified salaries.

-Approved the fiscal year 1994 application for the Family Resource/Youth Service Center.

-Approved purchase or construction of a trophy case for Nicholas County High School at a cost not to exceed $3000.

-Approved attendance of David Helm at a Critical Thinking Workshop in Chicago, Ill. with cost to be paid from Title II or Professional Development funds.

-Approved a leave of absence without pay for Jack R. Hayes for the period April 3-17 to attend Annual Training for the Army Reserve.

-Approved field trip for Nicholas County High School Art Club to the Cincinnati Art Museum on March 22, 1993.

Homeowners can get federal money to remodel despite income

Most homeowners are unaware that regardless of their income there are Federal, state, and local programs that will help them repair and remodel their homes.

Government at all levels recognizes that neighborhoods are the basis of life in our country. When a neighborhood deteriorates, many things happen both physically and socially. Homes that are shabby seem to make a neighborhood more attractive to crime and criminals. An area in decline is like a spreading cancer. As hoes become rundown and in need of maintenance, the residents lose their desire to keep up the neighborhood. Streets become receptacles for trash, schools lower their standards and very quickly the selling price of homes in the area drops sharply. This accelerates the cycle of degeneration.

In order to keep and maintain the nation's housing and neighborhoods, government at all levels have programs to give homeowners money (that does not have to be repaid) for repairs or to lend them money at below market levels or at no interest. In many areas utility companies will do energy conservation work free or at low cost and in other places will lend homeowners money at no interest to pay the contractor of their choice for the necessary work. In addition there are tax incentives to promote efficient energy use.

These programs are not restricted to low-income people, slum areas or urban neighborhoods. Owners of single or multi-family dwellings are eligible for some programs regardless of income. Most of the loans offer long terms and low payments.

Some of the other home improvements covered under these programs are: attic and wall insulation, new windows, outerwall siding, security doors and locks, window guards, sidewalks and masonry work, bathrooms and kitchens, electrical and plumbing work, new roofs, gutters or downspouts.

Consumer Education Research Center, a national non-profit consumer group, has just published *CONSUMERS GUIDE TO HOME REPAIR 'GRANTS AND SUBSIDIZED LOANS*, a 208-page book which lists over 8,500 sources of loan and grant programs offered by all levels of government, utility companies and others, typical programs offered and eligibility requirements. Form letters for inquiries to these loan and grant sources are included as well as detailed instructions on determining your debt-to-income ratio for eligibility. The book can be obtained for $10.95 plus $3 shipping and handling from CERC GRANTS, 350 Scotland Road, Orange, NJ 07050 or by calling 1-800-USA-0121 for credit card order.

Robert L. Berko of CERC, tells us, "Some of these programs have no income ceiling and others allow income of as much as $100,000 per year. there are even programs for which tenants are eligible and many allow loans or give grants to poor credit risks. One of the authors of this book received a $5,000 N.J. grant plus a $4,000 interest free loan from his utility company. In many areas, people with disabilities can receive grants to pay for needed repairs such as access ramps and widening of doorways."

by Tom Tucker
Manager South Central Bell
We're open round the clock to serve you!
South Central Bell is working day and night to meet your telephone needs. In fact, "day and night" are our new business hours for residential customers!
Our Residence Service Center is now open to serve you 24 hours a day, seven days a week. No more having to wait to call us until it's convenient for you. No anytime is convenient!
We'll provide you the same top-quality service before work, after dinner on Sunday night or even at 2:00 in the morning. So if you're a residential telephone customer and you have a question about your bill or your service, or wish to order one of our many optional features, call the Residence Service Center anytime at 557-6500. There's no charge for the call.
South Central Bell is also committed to top-quality telephone service for the Kentucky business community. That's why we've also extended the operating hours of our Kentucky Business Service Center.
Our Business Service Center is open to take business customers' calls from 7:30 a.m. to 6:00 p.m. Eastern Standard Time Monday through Friday, and from 8:00 a.m. to 4:00 p.m. Eastern Standard Time on Saturdays. Business customers can reach the center during these hours by calling 557-6000. Again, there's no charge for the call.
Did you know the answers to your most common telephone service questions are right at your fingertips? They're in your Customer Guide, located in the front of your South Central Bell telephone directory. The Guide is a wealth of vital information about your service and how to make the most of it. The Customer Guide includes details on:
* How to order telephone service
* How to pay your bill
* How to dial long distance calls
* How to order and use optional features like Call Waiting or Three-Way Calling
* How to handle harrassing phone calls
—And a whole lot more.
The next time you have a question about your telephone service, check your Customer Guide. Chances are you'll find what you wanted to know.
