INTERESTED IN HIGHER GUARANTEES AND LOWER PREMIUMS?
The Soybean Group Risk Plan May Be The Plan For You!
Now Soybean Farmers can get more coverage for less money using a new program using the Federal Crop Insurance Corporation's testing in this county. The Group Risk Plan (GRP) might be the innovative risk management plan you've been waiting for.
• Choose one of six coverage levels from 65% to 90%
• You can get higher guarantees for less money!
• Subsidized premiums are usually lower than traditional policies!
The GRP is easy to use and easy to understand. When the average county soybean revenue falls below a predetermined level, you get paid if your yields track the county yield. The GRP may benefit for you. Get the facts first. Then decide if this pilot can work for your farm!
But don't wait - GRP is only available until March 31. Call a crop insurance agent now for details!
FCIC
Federal Crop Insurance Corporation
United States Department of Agriculture
Faid by the Federal Crop Insurance Corporation, United States Department of Agriculture. Crop insurance policies sold or returned by the Federal Crop Insurance Corporation are available to all producers regardless of race, color, national origin, sex or disability.
