

Area students honored

By Heather Mathews-Harris
Of The Carlisle Mercury Staff

Many outstanding Nicholas County High School students were honored April 29 at the academic awards reception.

During the course of the year students are encouraged to pursue academic excellence outside of the classroom as well as during school. This encouragement has been formally organized into a program described by Kathy Green, coordinator and academic coach, in the "charter" program.

The purpose of the Academic Excellence Program is to recognize and reward those students who represent Nicholas County High School by participating in extra-curricular academic activities and to encourage capable students to participate in these activities.

The staff provides students with information about available contests and assists them with preparation for those contests when appropriate. Contests entered between May 1, 1992 and April 23, 1993 are eligible," wrote Green and the program com-

National Guard collecting for Easter Seals

The Kentucky National Guard's 21st Annual "Bucket Brigade" for Easter Seals is underway with units around the state scheduling their local collections in March and April. For the first time, the "Bucket Brigade" is led by Adjutant General DeZarn.

Last year, the Kentucky National Guard raised \$76,000 for Easter Seals after a brief hiatus in 1991 due to Desert Storm. Guardsmen around the state have collected over \$1,800,000 since 1972 by operating collection points at strategic highways and intersections. Other past collection figures for the Kentucky National Guard include collecting \$68,214 in 1989, \$62,810.48 in 1989, and \$53,651.45 in 1988.

In announcing the kick-off of the campaign, Adjutant General DeZarn said, "We all of us in the Kentucky National Guard are proud of our work in providing humanitarian relief around the world with our missions in Africa and Eastern Europe, we always keep in mind that charity begins at home."

Adjutant General DeZarn continued, "Our experience has shown us the power of the human spirit and the value of a helping hand, and we are determined to make a difference for these children and adults here in Kentucky who quietly fight the battle to survive and lead a normal life. The Kentucky Army and Air National Guard intend to lead this year's Easter Seal Fund Drive."

\$30,000 this year in the 1993 "Bucket Brigade" for Easter Seals. Guion Miller, Executive Director of the Kentucky Easter Seal Society, said, "This year's campaign could make the Kentucky Guards' contribution approach the \$2,000,000 mark, providing therapy, respite, camping, speech and hearing services, hospitalization and attention to thousands of Kentuckians with disabilities."

Program centers are located in Ashland, Carrollton, Covington, Lexington, Louisville, and Paducah. Of the funds collected for Easter Seals, 99% stay in Kentucky and \$3.66 go to direct services.

Commonwealth is the real world just what Kentuckians are capable of doing. So, come and conclude his remarks by calling on everyone, from Paducah saying, "The citizens of the call to Kylene, to show the in '83!"

Attention Voters

Election Day, May 25, is drawing near. Please consider these issues which I have brought forth:

- 1. A five-year plan for Nicholas County developed by churches, civic organizations, business, and the farming sector. Priorities established and implemented in the next five years.
- 2. Full participation by citizens in government. Public meeting agenda in local newspaper week prior to court meetings and results of meeting following.
- 3. Develop a labor pool to provide full employment for those who desire employment.
- 4. Merge as many areas of government as possible to provide more efficient government and reduce costs.
- 5. Develop affordable housing to provide for growth in population.
- 6. Develop and improve our small industry, business, and farms to produce more dollars in income, and likewise more jobs.
- 7. Work closely with our textile industries to assist them in whatever way possible.
- 8. Conduct a business-like office atmosphere and make sure the public will have knowledge and input on matters that affect the citizens of Nicholas County.
- 9. Work to establish new industry and jobs.
- 10. God gave us this country and all we have. Five years from now, if I'm elected I want to pass this leadership to someone else, as a good steward would, in a better position than today.

If you desire this type of leadership, I encourage you to vote:
