SBDM calls for nominations

The Kentucky Education Reform Act of 1990 gives parents an official role in their children's school. This act allows Site-Based Decision Making (SBDM) at each school.

SBDM defined--A decentralized shared decision-making process in which the local School Council (SBDM) will be composed of the following members: The principal, as the chairman; two parents; and three teachers.

A. Must have a child in the school during the time they serve.

B. Parent representatives shall not be a relative of any school employee.

C. Only those parents who have a child currently enrolled in that school are eligible to vote for parent members.

D. The process will be by secret ballot.

E. Nominations shall be made in writing and submitted to the principal up until five school days prior to the date scheduled for the election.

F. Parents council members shall not be district employees.

G. Terms for school council members shall be one year beginning July 1. Parent members are eligible for re-election.

All qualifying parents are invited to attend a community election meeting on May 26 at 7 p.m. in the high school cafeteria. The purpose of this meeting shall be to elect the school council parent members. All parents are invited to submit those names that satisfy the qualifications who are willing to put in hard work and time in the interests of our children. For further details or information, contact Greg Reid at the high school at 289-3780.

VALENT ® ORTHENE ®
75 Soluble Powder
EFFECTIVE TOBACCO INSECT CONTROL PROGRAM
1. TRANSPLANT WATER APPLICATION
To control thrips, flea beetles, aphids, and cutworms apply 1 lb of ORTHENE per acre in a minimum of 100 gallons of setter water. This provides control of these early season insects for approximately three weeks.
2. SPRAYING WHILE CULTIVATING

Reduce spraying expense by applying ORTHENE while cultivating. ORTHENE is systemically taken up by the plant, therefore spraying as you cultivate gives continuous control of early season insects. Start applications 2-3 weeks after transplanting.
APHID CONTROL
Spraying ORTHENE while plowing gives continuous early season control of aphids and will slow down population growth reducing the reproductive cycle. Because ORTHENE works two ways - first as a contact then as a systemic its benefits increase with each application.
ORTHENE RATE 1 lb. per acre foliar applied
EQUIPMENT NEEDED: Cultivating tractor, PTO driven pump or a self contained unit with an electric battery pump. Tank, and a sprayer with three fan nozzles per row.
It's simple it's easy it reduces spraying expense and protects the tobacco during the most critical time.
Spraying ORTHENE while cultivating
ORTHENE takes you through the season
ONE PRODUCT – FULL SEASON
ALWAYS READ AND FOLLOW LABEL DIRECTIONS BEFORE APPLYING ORTHENE.

Card Of Thanks
The family of Lorraine West Asbury wishes to express our sincere thanks for the kind expressions of sympathy shown to us on the the occasion of the death of our beloved Mother and Grandmother. A special thanks goes to all of the wonderful workers and staff at Johnson Mathers Nursing Home. Their kindness, understanding, and gentle care made her stay there comfortable and as near to home as possible. When she repeatedly said "I want to go home", we knew she really meant that she wanted to go to Heaven to be with her loved ones already there. Thanks to Sharon Duncan, who read her letters to her when she could no longer see to read.
Thanks To:
• Her neighbors and friends who, while she still lived at home, helped watch over her and gave her devoted friendship and company.
• David Zachary for making home deliveries of prescriptions when necessary.
• Jana Caswell and the Home Healthcare Aides for their tender care during the time she was at home.
• Rev. James Gaunce and Rev. James Doughton for their many visits, and to James for his comforting words at her funeral.
• The various church organization and school groups that provided Christmas treats which brightened her holiday.
• Dr. Curtz and Dr. Villaflor for their competent and understanding care.
• The nursing staff at Nicholas County Hospital
• Mathers-Gaunce Furneral Home for their kindness and excellent service. May God bless each of you who touched Lorraine's life.
