# DOE offers grants for alter

The U.S. Department of Energy (DOE) is making $700,000 available to fund 10 projects nationwide to demonstrate the use of alternative fuels in heavy-duty state or municipal vehicles.

Last year, the Kentucky Division of Energy and the Franklin County School System were awarded a similar grant of $68,000 to help fund the purchase of four school buses fueled by compressed natural gas (CNG).

This year's grant is open to state and local agencies for heavy-duty vehicles weighing more than 14,000 pounds (including but not limited to school buses).

The grant will fund the ... ference in purchase cost ... tween four alternate-fue ... OEM (original equipm ... manufacturer) heavy-d ... vehicles and four stand ... vehicles. Alternate fuels ... defined as natural g ... propane, methanol, etha ... or biodiesel. Dual-fuel v ... cles and transit buses are ... eligible for this solicitatio ...

To The People Of Carlisle And Nicholas County:

My deputy and I have been out campaigning door to door and I feel we have covered the city and county to the best of our ability. If **anyone** feels we have missed or passed them by we **truly** apologize. Our intentions were to visit and spend time with everyone and I hope we accomplished just that.

My deputy, as I announced several weeks ago, will be Paul E. Johnson of Carlisle. He is a past veteran, served in the Vietnam War and was a drill sergeant in the US Army. I feel that with my experience as Nicholas County Deputy Jailer for the past eight years, we will be well qualified for the job as Nicholas County Sheriff and Deputy Sheriff.

My deputy that I have chosen **will** remain my deputy if elected.

We will maintain and operate a **full-time** sheriff's department. We will have no other side jobs that would take us away from serving you **24** hours a day, **seven** days a week. If we are called on to come out no matter what time of day or night, we will respond to your needs in a prompt and timely manner. This is not just another election promise, it is our job we will fulfill to the fullest and best of our ability.

Anyone needing a ride to the polls to vote can give me a call at 289 - 7582, and I will provide transportation for you.

It is time for a change. Why not change for the best?

Your vote and support will be greatly appreciated. Lever 14-A is the one to pull.
