Blue Jets end season undefeated

By Heather Mathers-Harris
OF THE CARLSLE RECORD STAFF
CARLSLE, Ky. — The Nicholas County Youth Football League's Blue Jets brought ranked up all victories in the win column, ending up undefeated for the season.

We won two scrimmages before the season got underway officially, lost twice in Paris and twice from Owen, Mason, Rowan and Fleming Counties," Kinchell Booth, head coach for the Blue Jets, said.

The 6th and sixth graders scored over 40 touchdowns, playing four games in the regular season and one in the playoffs. They played some games in cold weather. But I told these boys they got used to playing in cold weather, that's when you know you're winning. You see, all playoff games are in

the best of the season, when it gets really cold. The future looks good for Nicholas County with this kind team, they will be scoring many more playoff games," Booth said.

Just four of the Blue Jets had ever played any kind of football before.

"These boys have the speed, and they have the weight, and the punting it takes. We put these boys through a lot of hard work, but they learned the fundamentals, got down to business and won ballgames. And they had a good time, that's what it's all about," Booth said.

He also said players had tremendous backing.

"Assistant Coach's Junior Terrill and Dennis Kelly gave a lot of time and hard work for this team. They taught them a lot," Booth said.

 Shoulder Or Neck Mounts And \$45* Per Head For Others.

2 Hot New Items For '93!

SUMMER SAUSAGE
 A fine, semi-dry sausage like the popular "Wisconsin" Smoked Sausage. To make this product we mix our venison with 25% lean pork and carefully selected spices and ingredients. It is then smoked and fully cooked to develop the characteristic flavor. This takes a lot of time and labor and will be vacuum packed when you receive it. If you like to share or give some of your deer meat away, this is a must have item! The taste is outstanding, and it makes a great Christmas gift. Each sausage will weigh about three pounds after processing. Remember, we supply 25% pork, so no pounds of venison will make twelve pounds of sausage!

VENETIK
 This unique meat snack is somewhat like the familiar "Santitas" only better! The taste of this pencil-thin little sausage is just sensational! Four ounces is mixed with 25% lean pork and other spices and ingredients. All our processing, each stick will weigh about an ounce (16 per pound). Five pounds of your venison will yield a one pound bag. This is a must have item for deer hunters, so when you can share with family and friends and snack on winter long!
