LETTERS TO THE EDITOR

Dear Editor: When I grew up in this community I was often told that "it is not the friends who are in your 'good hands'."

Dear Editor: I am deeply saddened by the news of the death of a member of the Nicholas County School Board.

Meeting served as a board member on January 21. During this time, my trust in Mr. Gilbert was renewed.

On the goals of KERA (Kentucky Education Reform Act) is that our children will hopefully learn to become responsible members of their family, work and community.

Responsible as defined in Webster's Dictionary is: "Trustworthy; being answerable for one's actions."

This has certainly not been the behavior displayed that far by our elected officials and certainly by four of them Monday night.

Besides being ignored, insulted and treated as a non-person, my hopes for a better school system and intelligent leadership has evaporated."

Honesty, trust and accountability did not exist Monday night.

If any board member can prove me wrong, then I invite you to do so. Until such time, Mr. Gilbert has my vote of confidence.

Sincerely, Deborah Fryman Carlisle KY

GENERAL NEWS

Hughes..... Continued from Page 1. "Just to clear another thing up, everybody thinks we get \$300,000 a year to dump down there, we don't, we get \$9,000," Hughes said.

Kelley said no blacktop was ever placed on the Hughes property, but the city did maintain the roads necessary to the use of the property.

Clark said blacktop was also part of the deal Hughes received. "The only thing which was never placed on the Hughes farm is rock or gravel," said Kelley.

Council adjourned to executive session to discuss possible litigation. Upon returning from closed session, Clark told Hughes:

Council would not discuss the matter any further, and advised Hughes to have his lawyer contact city attorney John Lair. Lair said Hughes should refer the matter to his attorney.

Hughes asked Lair if the contract contained provisions for notification in the case of cancellation.

"Is there something in there that says that if you're going to break it, you have to give a person so many days notice?" asked Hughes.

"If you all can wait until it rains, we'll go right down there and take care of it," said Kelley. "We'll have to haul dirt, but we will do whatever needs to be done."

In other business, council discussed the status of the towners. Clark proposed raising the deposit from \$50 to \$120 to cover bills that are delinquent with the lawsuit, and take care by customers. The matter was tabled, and action was taken.
