Jim Thomas On Tobacco.

The fate of our tobacco farmers is a real issue. Tobacco is grown on over 62,000 Kentucky farms and employs the equivalent of over 30,000 full-time persons.

As your State Senator, it's my job to fight the attack on our farming industry and protect our tobacco farmers.

What's more, it's been reported that if we produced 100% of the food we consume, we could employ 100,000 more people.

Let's make a real solution. JAMES STUART THOMAS STATE SENATOR
