#### Citizens voice concerns of overcrowding

Over CFOWALING
B), Leigh Store or Staff
CARLISLE: The quality of education and the safety of Nicholas County life, School students at noverrowded, dyogan
of more than 100 citates at the
meeting last Wednesday.
The school, built in 1951
houses appraisantley 300 state
dents in the ninth through the
12th prades.

nouses approximately 300 dents in the ninth through the 12th grades.
Teachers informed the board of problems that included:
• lack of classroom space.
• lack of storage space.
• lack of handicap accessible

• lack of handicap accessable facilities.

Tacilities. A track (when the stands a track team). Surrounding county schools with teams have a track.

• electrical problems.

• the need for seventh eight graders to be moved out of the elementary school in order to have facilities needed to improve scores of state manifesting the second of the second of

This is my 21st year in a This is my 21st year in education and my second year here (at the high school). I had 19 years at the elementary, began teacher Brenda Day. 'I left the elementary school to come here. I don't know what I was thinking. I've re-arranged by office three times just to get through,"

three times just to get through. Other teachers backed up what Day said by citing their mon classroom gave problems these form classroom gave problems there for the condition of the condition o

Furthermore, there is no prinkler system in that part of sprinkler system in that part of the building.

High school teacher Jim Lally asked, "How can this school pass a state fire inspection? It's amazing this school can pass a

amazing this school can pass a fire inspection exam."
Gilbert said the school does pass fire inspections. "It goes on how old the building is. As long as it was built in 1951-52, and

as it was built in 1951-52, and meets standards then, it passes. This building was approved in 1952. If we'd renovate we'd have to update the sprinkler system.\* One woman presentidentified herself as a HUD worker. One of the buildings she works sith was built in 1969. We were given

the buildings she works sust has buildings she works with was built in 1969. We were given two years to come into compliance. One of these days they'll come in and say it's gonna be. Smoot asked how long it took to evacuate students and staff at the high school during the drills. Reid said fire drills showed that the school could be evacuated in five minutes and 30 seconds.

ated in five minutes and 30 seconds.

Handicap accessibility was another subject. This building in and handicap paccessible. There are no restrooms for the handicapped. We have a student with viding access to allow a student with viding access to allow a student. Durham said, 'All it would take is one phone call from particular paddle.'

One teacher said she thought the school needed to be handicap accessible so federal funding for accessible so federal funding the the lunch program would continue.

inue. Gilbert said Monday there Gilbert said Monday there were certain stipulations con-cerning the loss of federal fund-ing. If handicapped student needed a science lab on the sec-ond floor, the parents would have the right to ask for the installa-tion of an elevator.

You have a time frame to get stuff done. There are regula-tions, Gilbert said.
