INTEGRITY

"I'm running because I have something to contribute to the 72nd District. We have gotten nowhere with attorneys representing us, and my opponent is an attorney. I think it's time to have a businessman in office. I am an honest person with a proven history of business integrity. I want to work for you and accomplish these important goals."

Education Improvements - YES!

"As a parent I feel strongly we should use common sense while improving our schools. More taxes won't help. There is no amount of money that will solve our education problems. Parents must become full partners, administrators and teachers must be accountable."
