Lexington, KY - John T. Newton, Chairman and Chief Executive Officer of KU Energy Corporation, today announced the election of Michael R. Whitley as President and Chief Operating Officer of KU Energy and its principal subsidiary, Kentucky Utilities Company (KU), following a meeting of the Board of Directors.

Mr. Whitley, 51, joined KU in 1964, and was formerly Executive Vice President and Chief Financial Officer of KU Energy and KU, with responsibilities for finance and administration.

In other senior management positions, the Board elected:

*O.M. 'Mac' Goodlett, 47, to Senior Vice President for Finance and Administration of KU Energy Corporation and KU. Since 1992, Mr. Goodlett has served as Senior Vice President for Customer Operations and Marketing. Prior to that time, he served as Vice President of Human Resources and as Treasurer and Assistant Secretary.

*James M. Allison, 41, of Kentucky Utilities Co. Senior Vice President for Customer Operations and Marketing. Mr. Allison currently serves as Vice President of Human Resources and, prior to coming to KU two years ago, he served as President and Chief Operating Officer for Wheeling Power in Wheeling, West Virginia.

Wayne T. Lucas, 46, to Kentucky Utilities Co. Senior Vice President of Energy Supply. Mr. Lucas, who came to KU in 1968, has been Vice President of Power Supply since 1986.

These appointments will take effect November 1.

"I am very pleased to announce these appointments," said Mr. Newton. "They are intended to recognize the talent and commitment of each of these exectives to keeping Kentucky Utilities Company's rates among the lowest and most competitive in the country, and their dedication to both customer service and shareholder value. Our industry has been, and continues to be, in a state of transition. I can think of no better team of professionals than this one to successfully guide the company into the future."

Kentucky Utilities Company, based in Lexington, Kentucky, is committed to serving its customers and shareholders by producing reliable, low-cost electric energy. Two students now teach

MOREHEAD, KY—Two Carlisle seniors are student teaching during the 1994 fall semester as part of Morehead State University's Teacher Education Program.

Shirley Daughton is teaching at Bourbon County High School in Paris.

Cynthia Fryman is teaching at Montgomery County High School in Mt. Sterling.

The student teaching or professional semester is the capstone experience in MSU's Teacher Education Program. Participants work with a University supervisor and a local public school teacher. This team approach ensures that student teachers gain a realistic understanding of their chosen profession as well as implications of implementing the Kentucky Education Reform Act, according to Shirley Blair, MSU's Teacher Education Program director.
