**Bluejackets blast past a stunned South Floyd in third victory**

By Andrea Fisher, Mike French and Tom Broderick  
**Special To The Mercury**  
**CARLELE.** The Nicholas County Bluejackets blasted the South Floyd Raiders 46-22 last Thursday night for their third win of the season, their third outside the district.

The Bluejackets got off to a rocky start as South Floyd took the ball in the opening drive and drove it down their throats, traveling more than 40 yards in just five plays.

The drive concluded with a 36 yard pass from Raider quarterback Nick Compton to Kevin Johnson. Chad Stone added the 2 point conversion to put the Raiders on top 9 to 5.

"I thought we were in for a battle," said Bluejacket safety Justin Massey. "We thought they were supposed to be a pretty weak team, but they came out and put it to us early."

The Bluejackets countered the Raiders opening blitz with a string of spectacular plays on a drive that concluded with a 10

yard touchdown run by sophomore Timmy Hopkins.

Following that drive the Bluejackets reeled off six straight points, completely frustrating the Raider defense.

The Nicholas County defense came up with possibly the most exciting play of the night when senior defensive end Wes Broderick sacked Nick Compton and knocked the ball loose. The Raiders opening blitz was a perfect bounce and returned it 52 yards for the touchdown, the

back and best some one this convincingly was a great confidence builder.

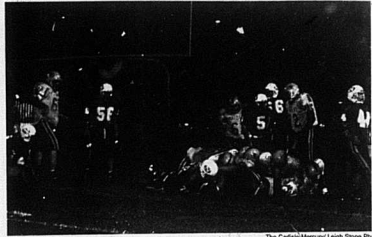

This Friday night the Jackets will travel to Berea to play the Pirates, a team coming off a win against Grant County.

"This will be a big game for us," Bluejacket tailback Mike French said. "We win this game and we're at 200 for the season. It would be motivating for us to go into the final two district games with a 4-4 record. But we have to beat Berea first, and they won't just roll over for us."

Berea has a couple of twin brothers that are excellent players. Letcher said. "The Chasteeen play quarterback and receiver, and they will have the ability to light us up from anywhere on the field."

There will be a pep bus going. For more information contact Mr. Baker at the high school.

The present policy, which remains in place, states that the city will consider reductions in sewer charges on inflated water bills when the leak occurs outside the foundation of the structure in question.

Leaks that occur inside the foundation are the responsibility of the water customer.

Council members Charles Fay, Libby Earlywine, and Sharon Faulconer voted against a motion to change present policy. Mayor Ronnie Clark broke the tie, and the motion died.

Clark informed council that Disaster & Emergency Services is in the process of installing a computer at the Carlele City Police Department that will upgrade 911 services.

According to Clark, the computer will allow dispatchers to trace calls that come in to the office, by giving the dispatcher on duty the caller's phone number.

"If the phone is dropped for any reason, the dispatcher can get the caller's address from the computer," said Clark. "He or she can then dispatch emergency personnel to that address."

council, with Lenny Harrowne and Sandy Blitchie the only dissenting voters.

The council also voted to empower the mayor to sign a grant agreement for the city's water project in the Dorsayville area, and passed an ordinance setting the trash rate for the new Dollar Store location at \$66.00 per month.

**Machine Makes Baking As Easy as Pie**

(N1) In an area where everything we do needs to be done in a hurry, here's a Mother's Day gift suggestion that an American at 90's-style motherboard and apple pie.

Apple pie is the key phrase here. Substantially new Pie Maker lets you bake one in about 10 minutes.

While creating healthy, delicious comfort foods in just a few minutes may sound like a terrific idea, Pie Maker works much like a waffle iron. For one ready-made dough or homemade dough to bake two four-inch diameter pies. Fill with canned, frozen or homemade ingredients or invent your own. As they say, it's as easy as pie.

Crusts can be made from pie-pastry dough, biscuit dough, cornbread dough, egg roll wrappers, pizza dough, cookie dough and puff pastry dough. By mixing and matching fillings and crusts, there's no limit to the kinds of pies the Pie Maker can bake. Quiches are as simple as scrambling a raw egg and adding your favorite ingredients. Fruit pies, pot pie, pizza and more are even easier. Just choose your favorite crust and ingredients; the Pie Maker will do the rest.

The Pie Maker's nonstick coating makes cleanup a breeze. It's so simple to store easily.
