Abern's Mill Bridge will be built soon. Last week, Hinkle Construction and other contractors installed three concrete beams. Here, workers Gary Ray and Terry Fields do their part.

The Caroline Memorial Log Home Photo Shop construction site. A large structure is being built on a hillside.

Drivers will be able to find their way a lot easier as navigation systems become available in the United States.

Old Paris Pike is minus some potholes and other discarded trash since the Ecology Club at Nicholas County High School collected trash along the highway after school Sept. 7. Ron Baker, assistant principal at the school, and other club members participating included Kari Smith, Ashley Hill, Sally Clements, and Stephen Hopkins. The club has 20 members who endeavor to beautify the community with clean-up activities and by planting trees. Members also visit the nursing home.
