ARIES (March 21 to April 19) This week's financial developments are exciting, but guard against frenzy thinking regarding career interests. Later in the week, it's not a good time for combining business and pleasure. A quiet weekend at home is best.
TAURUS (April 20 to May 20) Get more than one estimate on home repairs, especially those of a major nature. Stress could exist with as to how, but do your best to push up. Remaining interests are happily highlighted. This weekend, enjoy visiting with friends.
GEMINI (May 21 to June 20) In discussions about a career project could have you working overtime this week. However, impatience could trip you up if you let it. Be sure to get enough rest, despite the heavy workload.
CANCER (June 21 to July 22) Fun comes through recreational interests early in the work. You and that special someone will enjoy a visit to a favorite haunt. Advertising you read now could be rewarding. Remember, there's a sucker born every minute.
