Natasha's Stars

ARIES (March 21 to April 19) The week brings new insights about a financial concern. However, work interests are very favorable now, so take advantage and accomplish all you can. Something at home could upset you this weekend.

TAURUS (April 20 to May 20) You'll have more time to spend with children or a romantic interest this week. Happy social developments come about later in the week but you must be careful not to overdo. You need your rest. This weekend, pay attention to rules of traffic.

GEMINI (May 21 to June 20) You're involved now with certain home improvements that you had been putting off. Don't be too shy to ask for help from family members. Persistence leads to a career success. Watch arguments over money.

CANCER (June 21 to July 22) Your communicative skills are tops now. You and a partner reach important agreements which bode well for the future. Utilize patience in the workplace with a cantankerous co-worker. Social opportunity arises this weekend.

LEO (July 23 to August 22) Chances to improve your income arise but you must be on the alert to spot them. It's also a wise idea to discern the good ideas from the zany, get-rich-quick type. A new approach leads to career gains. This weekend finds you arguing with loved ones.

VIRGO (August 23 to September 22) You're more sure of yourself now on the job and proposals you make get good responses from higher-ups. A new slant is on your agenda. Later, the accent's on team-work. Personally, don't force an issue with a friend.

LIBRA (September 23 to October 22) A humanitarian interest could take up more of your time now than you can spare, but it's important to you. Others will react with understanding and could even pitch in to help. Be tactful with superiors.

SCORPIO (October 23 to November 21) You find your popularity is on the upswing now. In your quest to find something different this week regarding entertainment, you could do something risky. Keep your feet on the ground. This weekend, you're impatient with loved ones.

SAGITTARIUS (November 22 to December 21) A major business development is in the works now and it has some positive effects for you and yours. Some have the urge to redecorate this week. Don't allow tensions among family members to escalate into an argument.

CAPRICORN (December 22 to January 19) A new cultural interest has you fascinated. However, pay attention to tasks at hand so you don't fall behind in your work. A new adviser is about to enter your life. Enjoy socializing this weekend, but avoid a romantic tiff.

AQUARIUS (January 20 to February 18) You happily find you have a bit more money at your disposal now. However, don't go hog-wild and spend foolishly. Perhaps it's a good idea to look into how to make this money grow. The work week is very productive for you.

PISCES (February 19 to March 20) Contracts signed now or agreements reached are favored. This enables you to lessen tension between you and a competitor. Distant matters prosper this week, but keep peace with family members.

Dear Diane

by Diane Van Arsdale

DEAR DIANE:

I feel so lonely at times and upset that I start to cry. I'm very depressed. I really have no girlfriend in my life, having been divorced recently. Sometimes, I just want to die.

I'm not happy and this is no lie. I don't like to stay home and watch TV all the time because it's so boring and I hate being alone all the time.

When I had a personal ad in the Christian Singles newspaper, I wasted my money and time. Everyone has someone and I got no response from the women I wrote to. I'm 57 and a fairly good-looking guy, so I don't understand why.

I haven't heard anything since and I'm sick of looking. Can you please help me, Diane? By the way, I'm deaf. Do you think that's why women ignore me?

LONELY

DEAR LONELY:

Let me start by saying that if it is because you're deaf, you don't want to be associated with a woman who'd judge you because of it. I realize it's very difficult to establish a new life after a divorce. It's as if someone had died and you're very likely mourning that. However, there IS life after divorce.

You mentioned a Christian paper, so I take it you go to church. Get yourself involved in various church activities. Volunteer for programs run by the church. I'll bet you'll soon meet someone with whom you can connect. Don't give up yet and write back and let me know how you did.
