ARIES (March 21 to April 19) Extravagant spending could tempt you now. Later in the week, you are asked to assume a leadership role in connection with a certain group activity you had sought to avoid. Jump in and show your stuff.

TAURUS (April 20 to May 20) Put new business ideas into action. Meet with those in a position to help you reach your goals. You find someone close to you is a surprising source of influence at this time. Privacy abets romance this weekend.

GEMINI (May 21 to June 20) You'll have fun on the job this week, but don't fall behind on your work. Be tactful with agents and advisers who seem to be in contentious moods this week. Social life and romance are highlighted this weekend.

CANCER (June 21 to July 22) Business and pleasure will combine to your advantage this week. Confer with your significant other and agree upon a date to throw an important dinner party. Your judgment is excellent about financial interests.

LEO (July 23 to August 22) Pleasant travel looks to be on your agenda in the very near future. Toward that end, look for ways to set aside some money. It's a good week for negotiations with others as long as you remain diplomatic and avoid being overly persistent.

VIRGO (August 23 to September 22) A luxury item is tempting you but the price is still not quite in your reach. Be patient and wait for that sale which is sure to come. Extra funds become available to you in the workday weeks. Efficiency marks your work performance.

LIBRA (September 23 to October 22) Enhanced closeness with a loved one makes this a very special time for both of you. It's a wonderful week for intellectual achievements and success with creative projects. The weekend is good for family activities.

SCORPIO (October 23 to November 21) This week brings a work assignment that you'll truly enjoy and will be able to shine with your special skills. You make an important decision now about property interests or a family concern. Some consider a change of residence.

SAGITTARIUS (November 22 to December 21) Romance and recreational interests are happily spotlighted this week. Guard against procrastination on the job as you have a tendency to daydream now. Your communications skills are tops toward the end of the week.

CAPRICORN (December 22 to January 19) It is important to you this week to entertain guests and socializing within the confines of your home. Toward that end, be sure that everything is ship-shape. The end of the week finds the prospects good for buying or selling.

AQUARIUS (January 20 to February 18) You're articulate and persuasive this week and rally those around you to do your bidding, whether at home or on the job. Make important phone calls and answer letters. Your sociability is accented this weekend.

PISCES (February 19 to March 20) New money-making opportunities are yours for the taking this week. Your powers of concentration are excellent, especially where a difficult work assignment is concerned. Success comes through research and study.

Jennifer was trapped in the mansion in Aremid as smoke filled the place. Later, as Jack persuaded Jennifer to help search the house to learn who tried to kill her, the mysterious woman in white watched their every move. Celeste's decision not to let Lexie learn about her past was tied to the Aremid mystery. **Wait To See:** Tony's master plan begins operation.

Dear Diane

by Diane Van Arsdale

DEAR DIANE:

I just finished reading your column from "SCARED," a 16-year-old who was sexually abused.

I personally can identify with her pain, anxiety and depression. I, too, was sexually abused by my father from the age of 4 until the age of 15. I am in my third year of "survival" and doing very well. I own my own business, am married to the most wonderfully fabulous man, have two beautiful daughters and three fabulous stepdaughters, am a rape-crisis counselor, a Brownie troop leader, an active member in Business and Professional Women of Delaware and created a women-only investment club called Women Investing Now — WIN.

I am writing this letter in hopes that you will further reach out to "SCARED" so that she knows that she is not alone, that life definitely gets better, and that she has a lot to face for the rest of her life. I want her to know that there are other women (and men) who are dealing with life on a day-to-day basis and that it all you can ask of yourself.

Life looks very hard to handle at the beginning of recovery and, in truth, it is. But a first step has to be made on the road to recovery and she already taken the first steps.

She is seeing a therapist, which is a tremendous step in itself. She needs to know that she must definitely has self-worth, that she is a person of great strength and courage. She has not self-destructed but faced GREAT adversity. She is using her own courage to face a life of nightmares and she needs to know SHE IS A PERSON NOT TO BE LOOKED DOWN UPON BUT TO BE LOOKED UP TO FOR HER COURAGE AND STRENGTH IN ORDER TO FACE THE LIFE AHEAD OF HER!!

BEEN THERE
