There is no need to live with pain!

Todd W. Ussery, M.D.
 Anesthesiologist
 Announces the Opening of

BLUEGRASS PAIN MANAGEMENT CENTER
 OF CYNTHIANA

A long experience of living with pain doesn't mean a person has to give up hope of ever being pain free. Even though I will be treating patients with severe and hard-to-treat pain, there are many different methods of therapy to use to provide pain relief and symptom relief in general—for all types of pain including cancer.

I use a group approach, which means I will be working with experts in other fields to help patients make lifestyle changes and find ways of coping with their pain. Once a treatment program begins, the blind acceptance of chronic pain usually diminishes, letting you focus attention on more positive influences at home and at work.

 Focused on Pain Management

Bluegrass Pain Management Center is located in the Professional Arts Building adjacent to Harrison Memorial Hospital, Cynthiana, KY. For more information ask your family physician or call us at (606) 214-2333.
