Natasha's Stars

ARIES (March 21 to April 19) A cycle in which you'll be re-assessing the recent past begins this week. Be sure to take advantage of social opportunities which come your way. Later in the week, you're a reflective mood.
TAURUS (April 20 to May 20) You'll be re-evaluating the friendships and club activities play in your life in the coming months. However, this particular week doesn't especially favor any social interest.
GEMINI (May 21 to June 20) A turning point will soon be reached in your attitude about your career in general. Get things straight in your own mind before presenting new ideas to others. Some things need polishing.
CANCER (June 21 to July 22) In coming months, you could feel the need for furthering your education. One field of interest in particular appeals to you. A small difference could occur about a financial concern now.
LEO (July 23 to August 22) You will soon have a new attitude about the best way to insure long range financial security. It's a good idea to make plans to restructure your debt. However, if you consolidate everything, don't run up those credit cards.
VIRGO (August 23 to September 22) You could be exaggerating the importance of a small slip-up on your part. Don't be so hard on yourself! It's not exactly an earth-shattering event, but the coming months will bring major relationship decisions.
LIBRA (September 23 to October 22) You soon could be asked to assume greater responsibilities in connection with work. Make sure, however, that you are compensated for this. Later in the week, get someone else's way before leaving people out.
SCORPIO (October 23 to November 21) A casual relationship could turn into something more serious during the next few months for the single folks among you. Much in all, small differences could occur about a financial concern now.
SAGITARIUS (November 22 to December 21) Your attention will be turning to home improvements and repairs in the coming months. Your powers of communication suffer now and it's not the best time for getting others interested in your ideas.
CAPRICORN (December 22 to January 19) A desire for self-improvement could send you back to school in the coming months. You are changing at the bit to master a new skill. A travel plan could be put on hold this weekend.
AQUARIUS (January 20 to February 18) You'll soon begin a systematic savings plan and could institute some habits as part of your financial planning. Allow your self some flexibility in this. A rigid, unrealistic plan could cause problems later this week.
PISCES (February 19 to March 20) The world will be seeing a more serious and practical you in the coming months. You'll be taking steps to insure the realization of your dreams and goals. Loved ones approve.

Valentine's Day Is Reminder To Be a Sweetheart All Year

by Abigail Van Buren

Remember that business is a virtue... Permit neither your business nor your hobby to make you a stranger to your children... Willing to share all of your worldly goods with your mate... Do not forget to say, 'I love you.'... Forgive with grace, because who among us does not need to be forgiven... Honor the Lord your God every day of your life, and your children will grow up and bless you.

Today, be a sweetheart. Call someone you love and say 'I love you.' (Make two or three calls, who says you can't make more than one person - in different ways, of course.)
