BRIGHT IDEAS

When using ordinary white glue for craft projects, pour a little in a disposable lid and add some flour to it. Mix well. The flour will make the glue tacky: the glue will dry faster and speed up your work.

"R" Animal Riddles

An animal whose name begins with "R" is described in each poem. Can you name it?

- Masked, with striped tail a-swishing.
 It washes its catch when it's finished fishing.
- It sprints along the desert plains, Beeping out horn-like refrains.
- 3. Broad of wing and black of feather. Its group is loud when they caw together.
- 4. Over the ocean floor it glides. This thin, flat fish in sand will hide.
- 5. With Lapland folks and elves, as well, Does this antlered creature dwell.
- With snake-like tail and long, whiskered face. This menacing rodent is found everyplace

of white material. Cut out circle.

GAMES FOR THE ROAD

Before you set off for your vacation, read these traveling games. If you play them, you'll have a little vacation while you travel to your vacation spot.

License Plate Word Game

Using the letters on the license plates of the cars-you Osing the fetters of the feeters plates of the analysis of the road, think of as many words as you can which start with that letter. If a license plate has more than one letter, think of words which use all the letters in the same order as they're printed on the plate,

Sight Search
Before you leave for your trip, make a list of things to look for while you drive along. Make some items and scenes common and some rare. Give a copy of the list to everyone. Check off each item as you see it.

Treasure Chest
Choose a general category like fruits, vegetables, first
names or animals. The first player says, "I looked in a
treasure chest and found..." and then names an item
which fits in the category and begins with the letter
"A." The second player repeats this sentence, including the "A" item the first player has named, and adds a "B" tier. Each player repeats what the previous players have said and adds an item starting with the next letter of the alphabet. Try to get through the whole alphabet doing this. Then try another category.

Follow My Mirror Image

- Actors and performers use this as a warm-up. Two players pair up and look into each other's eyes.
- One person starts with an action such as a wave of the hand, a bend or a movement of
- the nead.

 The other person "mirrors" the first person by doing exactly as he/she is doing, just like what you would see happening in a mirror.

 Move slowly and precisely. How well can

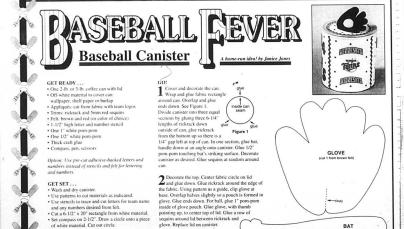

two of you look like reflections?
